1. The employee will retain his/her regular position on the work force and shall be engaged in non-operator duties in which he/she is qualified. He/she shall be paid at the rate established for the duties engaged in for the period of suspension.

In the event such employment does not exist the employee may upon exhaustion of CTO and vacation entitlement apply for leave of absence without pay to cover the period involved.

2. A letter shall be written by the Supervisor to the employee advising he/she of his/her status during the period of license suspension. In the same letter the employee shall be warned that any further license suspensions will result in the suspension from employment with a recommendation for dismissal. In cases of driver's license suspensions on medical grounds, each case is to be examined on its own merits including referral to the Joint Labour Management Committee. In determining any action with regard to the employee concerned, the recommendations of the Joint Labour Management Committee must be taken into consideration.
3. On the second occurrence of license suspension, as indicated above, action shall be taken to dismiss the employee for just cause in that he/she is unable to perform the duties required by the position.

B. Where an employee, who is required to hold a valid driver's license as a condition of employment, has his/her driver's license suspended for more than one (1) year, the employee shall be suspended immediately for just cause. This shall be confirmed in writing by the Employer.
