- 8.06** The provisions of Addendum "E" will be available to employees granted leave under Marginal Paragraphs 8.01 or 8.02 of the Collective Agreement. - 9.13** An appropriate Union Safety Representative designated by the Chairman of the Union Safety Committee, will have the opportunity to participate in a new employee's induction into plant safety and health matters. The Union agrees to designate representatives familiar with the processes and hazards of the plant concerned.
- 9.14**
- (i) It is the intent of the Parties that no employee shall be required to work under conditions which are unsafe or unhealthy beyond the normal hazard inherent in the operation or process in question.
 - (ii) If an employee observes unsafe equipment, conditions or practices, he shall take steps to correct the unsafe situation. If the employee cannot correct the unsafe situation, he shall immediately report it to his supervisor, and his supervisor shall then investigate promptly the unsafe equipment, condition or practice and shall take steps as appear necessary in his opinion to correct the unsafe situation.
 - (iii) If the employee is not satisfied with the decision of his supervisor, he may immediately notify his Union Safety Representative, who, together with the employee, may discuss the matter with the supervisor.
 - (iv) If the employee is not satisfied with the decision of his supervisor, the Union Safety Representative may notify the Union Chair of the Senior Joint Occupational Health and Safety Committee, who, together with the employee and Union Safety Representative, may discuss the matter with the Production Superintendent, and, if in their opinion it is desirable, with the Operating Manager.

- 9.15** (i) No one shall carry out or cause to be carried out any work process or operate or cause to be operated any tool, appliance or equipment when he has reasonable cause to believe that to do so would create an undue hazard to the health or safety of anyone.
- (ii) An employee who refuses to work is entitled to be reassigned alternate work with no loss of pay and to return to the job in question when it is determined safe to do so.

- 9.18** Copies of booklets on the Company's Safety Rules and Regulations will be made available to the Union and to all employees for the activities in which they are employed. - 9.23** The Company and the Union agree to work jointly in the identification and development of solutions to hygiene problems in the Trail Operations. The Hygiene Sub-Committee will meet quarterly to discuss issues that may affect the health of employees. To that end, the Company will provide the Union, upon request, monitoring results relative to hygiene in the workplace.

This recognizes the understanding and practices that have been implemented over several years, and reflects the intention of both Parties to work cooperatively in the interests of the development of health protection.

ARTICLE 10. ENVIRONMENT

- 10.01** The Company and the Union affirm their joint objective of achieving a work environment in the Company's operations, and a general environment in the communities which these operations affect, which is pollution-free to the extent practical, recognizing the nature of the Company's industrial operations.
- 10.02** The Company recognizes the important role of the Union and employees in protecting the environment and creating a healthy workplace. The Company and the Union agree to work cooperatively to identify and minimize the impact of Trail Operations on the workplace and the community.

The Union will participate jointly with the Company in programs directed towards pollution prevention, environmental management and employee health protection. To that end the Union will participate in formal assessments and investigations to prevent the occurrence or recurrence of environmental and health impacts. The Company will make available all pertinent information and monitoring data to the Union upon request.

This recognizes the understandings and practices that have been implemented over several years, and reflects the intention of both Parties to work cooperatively in the interests of environment and health protection.

ARTICLE 11. PROMOTIONS, DEMOTIONS, TRANSFERS AND LAY-OFFS

- 11.01** For the purposes of this Agreement there shall be two types of seniority: Company seniority and Plant seniority. Whenever the word "seniority" is used in this Article without qualification it shall mean the total of an employee's Company seniority and Plant seniority.
- 11.02** Company seniority shall be established on the basis of the employee's service with the Company (whether broken or continuous) at the operation covered by this agreement, at the operation covered by the Kimberley agreement, and at the Bluebell, H.B., and Benson Lake operations covered by former agreements. In the event a former employee is

rehired after having collected severance pay or a separation allowance from any operation of the Company, except those covered by Letter of Understanding 143 (KFO shutdown), he shall retain his original service for the purposes of vacation and pension entitlement only.

- 11.03** Plant seniority shall be established on the basis of the employee's service in a plant (whether broken or continuous). The Company may delete a seniority unit or merge two or more plants into one seniority unit. Any employee who is laid off from an individual operation and is recalled in accordance with Marginal Paragraph 11.17 shall retain the seniority held at the time of layoff.
- 11.04** In the event of a reduction of crew at a plant, the employees affected shall become surplus at the plant in the inverse order of their seniority, competency considered.
- 11.05** In the event of the deletion of a plant, an employee affected shall be deemed to have no seniority in his new plant until he has served for ninety (90) days, at which time he shall be credited with his Company seniority only. On completion of a further period of nine (9) months in his new plant, the employee shall be credited with his former Plant seniority.
- 11.06** In the event of a merger of two or more plants into one plant, an employee affected shall retain his Company seniority and his Plant seniority in the new plant.

The Company will notify the Union prior to the creation, merger or deletion of a plant.

- 11.07** (i) An employee shall not have any Plant seniority until he has been employed for ninety (90) days in the plant concerned. Crew reductions affecting employees with less than ninety (90) days Plant seniority shall be based on Company seniority.
- (ii) An employee shall not be deemed to have any Company seniority until he has been employed for ninety (90) days after he was last hired by the Company, unless he is hired within thirty (30) days following a layoff at another Company operation where the employee was laid off and did not voluntarily quit unless he was required to do so in order to accept the job as arranged with the approval of the Company, and provided he has completed his probationary period at that operation.

An employee shall not be deemed to have any seniority rights in a plant until he has been regularly employed in the plant concerned for ninety (90) days. Moreover, if an employee is re-employed in a plant having previously left it of his own accord, he shall not have any seniority rights in that plant until he has again been regularly employed in it for ninety (90) days.

This subsection shall not apply in the case of an employee brought back to work under Marginal Paragraph 11.17 of the current Collective Agreement. In a case where a cut-back in crew in a plant is made by the Company, this subsection shall not be applied so as to prejudice an employee, provided such employee has the necessary ability and efficiency, by comparison with other employees with less Company service who also have no seniority rights under this subsection.

The provisions of this section are subject to Marginal Paragraph 11.26 of the current Collective Agreement.

- 11.08** (i) In all cases of promotion, demotion and transfer, a senior employee shall be entitled to preference provided that he has the necessary qualifications, skills, knowledge, ability and physical fitness to efficiently fulfil the job requirements.
- (ii) Notwithstanding Paragraph (i) above, in cases of promotion to senior leader, operator instructor/trainer, maintenance scheduler and any other position as agreed between the Parties, a senior employee shall be entitled to preference provided that he has relatively equal qualifications, aptitudes, skills, knowledge, ability and physical fitness to efficiently fulfil the job requirements.
- (iii) Determination of qualifications, aptitudes, skills, knowledge, ability and physical fitness shall be made by the Company in a fair and equitable manner. The question of whether or not the Company made such a determination in a fair and equitable manner shall be subject to the grievance procedure.
- 11.09** An employee shall not be promoted until a vacancy occurs in a higher job classification. A move from one job classification to another within a plant involving no change in standard hourly rate shall not be considered as a promotion or demotion for the purposes of this Article.
- 11.10** If in exceptional circumstances, an employee registers an objection to his promotion, such promotion may be given to another employee with less seniority, in which case the employee who has registered the objection may not advance to a position above the employee promoted in his stead until he has first advanced to the same level as that employee.
- 11.11** When an employee is absent from his normal job in a plant because of sickness, accident, authorized leave, or occupying another job on a temporary basis, or who was transferred at the Company's request on a temporary basis, on his return he shall be reinstated to the job he would have held had he not been absent. During such absences, Company and Plant seniority shall continue to accumulate. Should an employee later return on a permanent basis to the plant he was temporarily assigned to, he shall be credited with Plant seniority for the time he spent there on the temporary assignment.
- 11.12** In filling temporary vacancies of less than thirty (30) days, the Company shall not be obligated to consider Company or Plant seniority, provided that the filling of such vacancies is beyond the practical application of Marginal Paragraph 11.08. Such periods of time may be extended by mutual agreement between the Company and the Union.
- 11.13** On the first occasion that an employee is transferred for reasons of health he may return to his former plant and will be given the job he would have held had he not been transferred. In the event of subsequent transfer for reasons of health, the employee may elect to return to his former plant and his former job if he has the necessary ability and efficiency and returns to his plant within eighteen (18) months of the transfer.

11.14 Plant seniority rights shall be recognized for a period of eighteen (18) months in the following situations:

- (i) An employee with at least five (5) years plant service who has been displaced from a plant on a reduction of crew and exercises his right to return to his plant within an eighteen (18) month period;
- (ii) An employee with less than five (5) years plant service who is displaced from a plant on a reduction of crew and exercises his right of return within a ninety (90) day period.

In applying (i) and (ii) above the employee concerned may only elect this right on the first occasion on which it is made available to him after each displacement or transfer.

An employee who is laid off under Marginal Paragraph 11.17 shall lose his right of recall to a plant.

11.15 The Company shall have the right to transfer any person in its employ at the Company's operations at Trail or Kimberley who has served in a classification of employee as defined in Article 1, to a job classification within the definition, and to assign to him a job at the Operation at which he is employed at the time the transfer is made, commensurate with his seniority, ability and efficiency, whether or not a vacancy exists, provided that no employee is demoted as a result of such transfer.

11.16 The Company will keep a record showing the date upon which each employee's service commenced and terminated. Any employee may request information relative to his own seniority. An employee shall have the right to review his own personnel file as kept in Personnel. The President or Secretary of the Union or the Chairman of the General Grievance Committee of the Union shall have access to an employee's personnel file for information relative to grievances or arbitration.

11.17 Subject to Marginal Paragraph 18.03 dealing with employment security, in the event of a general reduction of crew, employees affected shall be laid off in the inverse order of their Company seniority, competency considered; and when it is necessary to increase forces, former employees who have completed their probation periods shall be re-employed as closely as possible, in order of their Company seniority. The Company agrees that no new employees shall be hired at the operation concerned until those laid off have been recalled, except in cases where job requirements preclude those on layoff. The laid off employee is responsible for notifying the Company's Personnel representatives of changes in his postal address. Laid off employees who have complied with the foregoing procedure shall be notified by the Company, either personally or by registered mail at their last known address, of the date on which they are to report for work. Should an employee fail to report within ten (10) days of the postal registration date of the written notice, the employee shall lose the right of re-employment. In no case shall the Company be obligated to re-employ any former employee who has been laid off for a period of longer than eighteen (18) months. It is recognized that any junior employee who is kept under this clause and is later crew reduced will be laid off in favour of the most senior employee being recalled, competency considered.

- 11.18** In the event of a former employee being brought back to work by the Company at the same Operation at which he was working when he was laid off and within ninety (90) days after being laid off under Marginal Paragraph 11.17, the period of the lay-off shall be considered as time worked for the purpose of determining his Company seniority only. This adjustment shall be made immediately after he has been brought back to work.
- 11.19** In the event of a former employee being re-employed by the Company within ninety (90) days after having voluntarily quit, or after having been discharged, and his re-employment is at the same Operation at which he was working when he left the Company's employ, the period of the lay-off shall be considered as time worked for the purpose of determining his Company seniority only. However, this adjustment shall not be made until the employee has worked for ninety (90) days after he has been rehired.
- 11.20** In the event an employee is laid off, the Company agrees to give the employee two (2) weeks' written notice of layoff. An employee who is laid off without adequate notice shall receive pay in lieu thereof, and such pay shall not be considered as time worked. This clause shall not apply in the circumstances enumerated in Clause (vii) of Addendum "D", excluding "vacation shutdown".
- 11.21** The Company shall have the right to select persons to be given special experience or training in preparing them for future assignments. The number of persons on such assignment shall not exceed two percent (2%) of employees. No employee shall be demoted or laid off as the result of such assignment. The Company may also offer such special experience to employees in order to train them for jobs outside the bargaining unit.
- 11.22** This Article shall apply to indentured apprentices except that the Company retains the right to terminate an apprenticeship prior to completion of the apprenticeship program. The decision on whether or not an apprentice who completes this program is promoted to journeyman status rests solely with the Company.
- 11.23** An employee who has been partially disabled as a result of an "accident" or "industrial disease" shall be given preference over other employees for any job whether or not a vacancy exists, subject to the following conditions:
- (i) Such disability is incurred in the course of employment with the Company;
 - (ii) Such disability complies with the meaning of the Workers' Compensation Act of British Columbia;
 - (iii) The disabled employee has the necessary ability and efficiency to perform the job; and
 - (iv) The incumbent removed as a result of such placement shall have his rate of pay maintained without impairment of seniority.

The Company will advise the Union of such medical placements as they occur and provide the Union with a list of such medical placements quarterly.

The Company may extend this privilege to an employee partially disabled from any other cause.

- 11.24** In the case of a reduction in crew in a plant, an employee who has been continuously registered with the Company as a Shop Steward of the Union in that plant for the three (3) months immediately prior to the reduction in crew, shall not be transferred out of the plant without the agreement of the Union so long as his ability and efficiency meet the Company's requirements.
- 11.25** When an employee is absent from his normal job in a plant as result of an authorized leave of absence for Union duties, the following will apply:
- (i) If the absence is less than or equal to three (3) years in duration, upon returning to work the employee shall be reinstated subject to Marginal Paragraph 11.11.
 - (ii) If the absence is greater than three (3) years, upon returning to work the employee shall be reinstated to the job he would have held had he returned to work as per Paragraph (i). Upon the commencement of each three (3) year period, the Company will determine the employee's incumbency and submit such in writing to the Union.
 - (iii) The Company agrees to use its best efforts to ensure that Union officers, stewards and other senior Union officials who have missed training and promotion opportunities due to their Union duties will, upon ceasing to hold any such office, be given preference for training to enable them to become eligible for promotions which they may have missed due to their absence. Such training will be subject to the requirements of the Operations.
- 11.26** An employee shall be on probation until he has worked five hundred and forty (540) hours from his last date of hire. During this period, the Company may terminate an employee for any reason, without reference to any other provisions of this Agreement. Union activity shall not be considered as a reason for discharge under this Marginal Paragraph. This clause shall not apply to an employee who is hired within ninety (90) days of severance from any former Cominco Ltd. Operation and who had completed his probationary period at such Operation at the time of severance.
- 11.27** Students employed during the regular holiday period of the educational institution to which they have been admitted or are attending shall be deemed to be temporary employees but the duration of this temporary employment shall not exceed six (6) months. During this period students may be assigned, transferred, demoted or laid off as the Company requirements dictate and students shall not be entitled to Floating Statutory Holidays and in the case of a general reduction in crew at an operation, students shall be laid off before regular employees. In the event a student's employment on the Student Roll is terminated but he is rehired by the Company with no break in service, then the time spent on the Student Roll from the last date of hire shall be considered as continuous service with the Company for the purpose of qualifying for Floating Statutory Holidays and with respect to

the probationary period. In all other respects, service on the Student Roll shall be the same as service by other employees.

11.28 The Company agrees to provide the opportunity for employees to transfer from one plant to entry position jobs in another plant in the Company's operations at Trail or

Kimberley. Selection of employees for transfer to permanent vacancies will be made in accordance with Marginal Paragraph 11.08 and Company seniority.

- (i) The Company will advertise posting windows for employee transfer requests from the first (1st) to the fifteenth (15th) day during the months of February, June and October of each calendar year. In order for employees to be considered for an entry position vacancy they must submit a transfer request form within the advertising window. The employee will be provided with a copy of the completed transfer request form.
- (ii) Entry position vacancies occur when no employee in the plant is placed in the vacancy in accordance with Marginal Paragraphs 11.08, 11.09 and 11.10.
- (iii) Employees with less than one (1) year of service from the date of last hire will not be eligible to apply for transfer.
- (iv) All request transfer applications will be cancelled one (1) year after the closing date of the posting window in which it was submitted.
- (v) Employees accepting a transfer may not apply again for one (1) year, unless that employee has ten (10) or more years of Company seniority.
- (vi) The senior qualified employee(s) who have current transfer requests on file will be required to view the operations of the plant(s) to which they have requested a transfer. The employee must either confirm their continuing interest or withdraw their transfer request following the tour.
- (vii) The Company will contact the senior qualified employee(s) who confirmed continuing interest as per Paragraph (vi) to obtain their commitment that should a vacancy arise within sixty (60) days from the date of contact that they will accept the transfer when offered. Should an employee not commit they will be deemed to have withdrawn their transfer request.
- (viii) The Company will effect such transfers within thirty (30) days from when the senior qualified employee(s) has received written confirmation of the accepted transfer.
- (ix) The Union will be notified of vacancies filled by request transfer.
- (x) The Company will not pay any plant tour or moving costs associated with a Kimberley employee's transfer request.

11.29 In order to assist with the effective deployment of the work force the following procedure shall apply.

- (i) A temporary vacancy shall be defined as a permanent job temporarily vacated for any reason including sickness, accident, vacation or other forms of authorized leave or a vacancy in a job created by the Company for a specific purpose(s).
- (ii) Temporary vacancies of less than ninety (90) days duration will be filled in the following manner:
 - (a) The Company will assign available qualified employees who have not yet established plant seniority as defined in Marginal Paragraph 11.07 (i) to fill the temporary vacancy.
 - (b) If those employees referred to in Paragraph (a) are not available, the Company may transfer an employee to any plant at its operations. The transfers will be considered a “Company request” and the provisions of Marginal Paragraphs 11.11 and 14.16 shall apply. Assignments out of the seniority unit will be done in inverse order of seniority except where specific skills or certifications are required.
 - (c) Should a temporary vacancy subsequently exceed ninety (90) days in duration, the vacancy shall then be filled as per Paragraph (iii) unless the time is extended by mutual agreement of the Parties.
 - (d) Employees will receive appropriate safety orientation and instruction to ensure the work can be performed safely.
- (iii) Temporary vacancies of greater than ninety (90) days duration will be filled in the following manner:
 - (a) The Company will offer those employees with plant return rights as identified in Marginal Paragraph 11.14 the first opportunity to fill the temporary vacancy.
 - (b) If the Company is unable to fill the temporary vacancy through the application of Paragraph (a), employees with Article 11.28 transfer requests on file will be given the opportunity to transfer on a temporary basis provided that there is not more than one (1) temporary transfer in effect from the dispatching plant. The provisions of Marginal Paragraph 11.11 shall apply.
 - (c) If the Company is unable to fill temporary vacancies through the application of Paragraphs (a) & (b), the Company will assign available qualified employees who have not yet established plant seniority as defined in Marginal Paragraph 11.07 (i) to fill the temporary vacancy.

- (d) If the Company is unable to fill the initial temporary vacancy through the application of Paragraphs (a), (b) & (c) the filling of such temporary vacancy will be entirely a matter for the Company's discretion.
- (e) The filling of subsequent vacancies created through the application of Paragraphs (a), (b) & (c) will be entirely a matter for the Company's discretion.
- (iv) The Union will be notified of employees placed in temporary vacancies and provided with an estimate of the expected duration of the vacancy.

11.30 The Company agrees that it will endeavor to accommodate a senior employee who may wish to move to a less demanding position where such position is at a lower Job Class level to the extent that this can be done without impairing the efficiency of the Plant(s) concerned.

11.31 A person originally hired by the Company for a special assignment of work may be discharged when his employment at such special assignment of work comes to an end, notwithstanding anything in this Agreement to the contrary. The Union shall be notified of such employees and their status. No employee shall be continued as a special assignment employee for longer than twelve (12) months. It is understood that an employee on crew reduction with rights under Marginal Paragraphs 11.13 and 11.14 and who has the required ability and efficiency will be given the opportunity for placement in the same manner as if the opening had occurred in his former plant. It is understood that employees while on special assignment shall be entitled to exercise seniority relative only to other employees hired under the terms of this provision and employed in the same special assignment of work. Should a special assignment employee become a regular employee, his time spent as a special assignment employee shall immediately be counted towards his seniority for all purposes under this Agreement.

ARTICLE 12. PROCEDURE FOR SETTLING DISPUTES

12.01 The Parties agree that it is desirable that any complaints or grievances should be settled as quickly as possible. Employees are therefore urged to try to settle their complaints with their immediate supervisor as soon after they arise as possible.

12.02 Should a dispute arise between the Company and any employee or employees regarding the interpretation or a violation of this Agreement, an earnest effort shall be made to settle the dispute in the following manner. For the purposes of Marginal Paragraphs 12.03, 12.04, and 12.05, "work days" means Monday to Friday, excluding Statutory Holidays.

12.03 - Stage 1

Within thirty (30) calendar days after the alleged grievance has arisen or within thirty (30) calendar days from the time the employee(s) should reasonably have known of the occurrence giving rise to the grievance, the employee(s) concerned, in person, with or without their Shop Steward in attendance, as desired, may present the grievance, which

shall be stated in writing, to their immediate supervisor. Failing settlement to their satisfaction within five (5) work days, the employee(s) may proceed to Stage 2.

12.04 - Stage 2

Within five (5) work days from the time a decision was made or should have been made under Stage 1, the employee(s) concerned, with or without the appropriate Activity Grievance Committee of the Union, or through the appropriate Activity Grievance Committee of the Union may present the written grievance to the Plant Superintendent. The Plant Superintendent may appoint members of his staff to assist him in investigating the dispute. Failing a satisfactory settlement within five (5) work days at this Stage, the grievance may proceed to Stage 3.

12.05 - Stage 3

Within five (5) work days from the time a decision was made or should have been made under Stage 2, the General Grievance Committee of the Union, who may be accompanied by the Grievor, may submit the dispute, which shall be stated in writing, to the management of the Company, or the accredited representative or representatives of the management, who may at their discretion require the employee or employees concerned, and the members of the supervisory staff concerned in or having knowledge of the dispute, to appear before them and give evidence regarding the dispute. Failing a satisfactory settlement or reply within five (5) work days at this Stage, the grievance may proceed to Stage 4. A Staff representative of the Union may be present at Stage 3 of the grievance procedure.

12.06 - Stage 4

Within thirty (30) calendar days after a decision was made or should have been made by the Company under Stage 3, the Union will, by written notice to the Company, declare the Union's position at third stage. Not earlier than ten (10) days and not more than thirty (30) days following the Union's declaration, the Union may, by written notice to the Company, refer the dispute to arbitration. Within ten (10) calendar days following receipt of such notice, the Company and the Union will select one Arbitrator from the following panel of Arbitrators:

1. K. Albertini
2. M. I. Chertkow
3. B. Foley
4. R. Germaine
5. A. H. Hope
6. D. L. Larson
7. D. McPhilips
8. V. Ready

The selection of an Arbitrator shall be by alphabetical order. If an Arbitrator is not available to act within a period acceptable to the Company and the Union, the parties may

select the next name in alphabetical sequence, until an Arbitrator is retained. The selection of an Arbitrator for the next arbitration shall commence with the next name in alphabetical sequence. If the Parties cannot mutually agree upon an Arbitrator within ten (10) days, the appointment shall be made by the Minister of Skills, Training and Labour of the Province of British Columbia, upon request of either Party.

The decision of the Arbitrator in respect of an interpretation or alleged violation of this Agreement shall be final and binding upon the Parties, but in no event shall the Arbitrator have the power to alter, modify or amend this Agreement in any respect. Each Party shall pay the expenses incurred in connection with the presentation and preparation of its own case. The Parties shall bear in equal shares the expenses of the Arbitrator.

The Arbitrator shall hear and determine the difference or allegation and shall within a maximum of thirty (30) days following arbitration, render his decision.

12.07 Where a difference arises between the Parties relating to the dismissal, discipline, or suspension of an employee, or to the interpretation, application, operation or alleged violation of this Agreement, including any question as to whether a matter is arbitrable, M.I. Chertkow or a substitute agreed to by the Parties, shall at the request of either Party:

- (i) Investigate the difference,
- (ii) Define the issue in the difference,
- (iii) Make written recommendations to resolve the difference during which period time does not run in respect of the grievance procedure.

An application under Marginal Paragraph 12.07 may only be made by a Party during the ten (10) day period following the Union's declaration at Stage 3.

12.08 A dispute shall be deemed to be abandoned and all rights of recourse ended, unless:

- (i) The dispute is submitted under Stage 1 within thirty (30) calendar days after the occurrence of the act, the decision giving rise to the act, or from the time an employee should reasonably have known of such an act;
- (ii) The dispute is advanced to Stages 2 and 3 within five (5) days after a decision was made or should have been made;
- (iii) The Union declares its position within thirty (30) calendar days after a decision was made or should have been made by the Company at Stage 3;
- (iv) The dispute is advanced to arbitration within thirty (30) calendar days following the Union declaration at Stage 4.

Saturdays, Sundays and statutory holidays shall not be counted in determining the time within which any action must be taken under (ii) aforesaid, but shall be included in

determining the thirty (30) calendar day period under (i) and the thirty (30) day periods under (iii) and (iv) aforesaid.

- 12.09** A grievance alleging unjust suspension must be presented at Stage 2 of the grievance procedure within five (5) days of the suspension.
- 12.10** A grievance alleging unjust discharge must be presented at Stage 3 of the grievance procedure within five (5) days of the discharge. The Company will notify the Union of all discharged employees on the date of discharge.
- 12.11** The Company shall have the right to refer any dispute regarding the interpretation or a violation of this Agreement to the General Grievance Committee of the Union. Failing a satisfactory settlement within seven (7) days of the submission in writing of the dispute by the Company, the Company shall have the right to refer the dispute to arbitration in accordance with this Article.
- 12.12** In the meantime, and in all cases while disputes are being investigated and settled, the employee(s) and all other parties involved, except an employee serving a disciplinary suspension, must continue to work, but where an employee(s) has been discharged by the Company, he shall not remain in the employ of the Company while his case is being investigated and settled. Where an employee(s) has been suspended or discharged, and it is decided by arbitration that he or they were unjustly suspended or discharged, he or they shall be reinstated, and the same Arbitrator who dealt with the claim shall fix the compensation, if any, for the time lost by the employee(s) concerned, and his decision shall be final.
- 12.13** If it is necessary for a steward or other employee to take time off during working hours in connection with a grievance, he must first receive permission from his immediate supervisor. Such permission will not be unreasonably withheld.
- 12.14** The procedure for settling disputes set out in this Article shall be strictly adhered to, but the Union shall have the right to refer any dispute regarding the interpretation or a violation of this Agreement to the Company at Stage 3 where: (i) There is no aggrieved employee or employees possible of identification at the time the dispute arose; or (ii) The grievance involves Company policy, in which case the grievor or grievors possible of identification shall be named on the face of the grievance form.

ARTICLE 13. HOURS OF WORK AND WORK WEEK

- 13.01** The work week shall be the period between 7:00 a.m. on Sunday morning and 7:00 a.m. on the succeeding Sunday morning.
- 13.02** The regular days of work for all employees, except those referred to in Marginal Paragraphs 13.03 and 13.04 shall be Monday to Friday, inclusive, of each week, commencing with the first shift on Monday and terminating with the last shift which commenced on Friday.

- 13.03** Schedules of work shall average forty (40) hours per week over any complete cycle. The Company agrees to use its best endeavours to place as many employees as possible on schedules which provide for five (5) consecutive days of work, Monday to Friday, followed by two (2) days of rest. It is recognized that the continuous nature of the Company's operations make it impractical to implement such schedules for all employees.
- 13.04** It is agreed that there are a number of maintenance and service employees required to work on schedules other than 5 & 2, Monday to Friday. The Company shall determine and notify the Union of the number of such employees and agrees not to exceed this number.
- 13.05** The forty (40) hour work week on the seven and three continuous operation schedule shall be achieved in the following way:
- (i) An employee working each regularly scheduled shift in a twenty-eight (28) day period ("the qualifying period"), shall work the last regularly scheduled eight (8) hour shift at straight time rates, and may, at his option either bank five (5) relief hours, at straight time rates, or elect to be paid for the five (5) hours, at straight time rates.
 - (ii) At the option of the employee, by notification to the supervisor at the beginning of the above noted shift, the employee may elect to receive straight time pay for the five (5) relief hours instead of banking the hours.
 - (iii) Banked relief hours will be scheduled at times mutually agreeable to the Company and the employee, however, if the parties cannot agree on such a time, the Company retains the right to schedule this time. Banked relief hours shall be taken as paid time off.
 - (iv) The maximum number of banked relief hours which may be earned each year under this Marginal Paragraph 13.05 is sixty-five (65). At the end of each calendar year, any banked relief hours in excess of eighteen (18) shall be paid out at straight time rates.
 - (v) The provisions of Marginal Paragraph 17.03 shall not apply to this Marginal Paragraph 13.05 except that overtime worked outside the employee's normally scheduled hours shall be paid at the applicable overtime rates.
- 13.06** (i) The Company and the Union shall mutually agree upon the implementation of 4x4 day shift, night shift and continuous shift schedules.
- (ii) The 4x4 continuous shift schedule shall consist of four (4) consecutive days of work followed by four (4) consecutive days of rest. The four (4) days of work shall have two (2) consecutive twelve (12) hour day shifts followed by two (2) consecutive twelve (12) hour night shifts.
- (iii) The 4x4 day shift schedule shall consist of four (4) consecutive twelve (12) hour

days of work followed by four (4) consecutive days of rest.

- (iii) The 4x4 night shift schedule shall consist of four (4) consecutive twelve (12) hour nights of work followed by four (4) consecutive days of rest.
- (v) The forty (40) hour work week average on the 4x4 day shift, night shift and continuous shift schedules shall be achieved in the following way:
 - (a) Every forty-two (42) day period in the work schedule, an employee shall work a twelve (12) hour relief day and, in addition, bank nine (9) paid relief hours. Such banked relief hours shall be paid at the standard hourly rate at which an employee worked the majority of shifts in the total of the two (2) pay periods immediately preceding the use of such relief hours. At the option of the employee, by notification to the supervisor at the beginning of the above noted relief day, the employee may elect to receive straight time pay for the nine (9) relief hours instead of banking the hours.
 - (b) When an employee changes shift at the Company's request, and as a result does not complete a forty-two (42) day period work schedule, he will be credited with 0.4 relief hours for each twelve (12) hour regular shift worked in that period rounded up to the nearest hour.
 - (c) Subject to the criteria set out below, banked relief hours shall be scheduled at times mutually agreeable to the Company and the employee; however, if the parties cannot agree on such a time, the Company retains the right to schedule this time. Banked relief hours shall be taken in the following order: supplementing Vacations and Floating Statutory Holidays, scheduled Statutory Holidays not worked may be supplemented; and the balance of the banked hours as paid time off.
 - (d) Employees are required to have twenty-four (24) paid relief hours banked for supplementing vacations before banked hours can be used for paid time off.
 - (e) The maximum number of banked relief hours that may be earned each year under this Marginal Paragraph 13.06 (v) is seventy-eight (78). At the end of each calendar year, any banked relief hours in excess of twenty-four (24) shall be paid out at straight time rates.
- (vi) The provisions of Marginal Paragraph 17.03 shall not apply to this Marginal Paragraph 13.06 except that overtime worked outside the employee's normally scheduled hours shall be paid at the applicable overtime rates.
- (vii) The 4x4 10/14 continuous shift schedule shall consist of four (4) consecutive

days of work followed by four (4) consecutive days of rest. The four (4) days of work shall have two (2) consecutive ten (10) hour day shifts followed by two (2) consecutive fourteen (14) hour night shifts.

The forty (40) hour work week average on the 4x4 10/14 continuous shift schedule shall be achieved in the following way:

- (a) An employee working each regularly scheduled 10/14 shift in a thirty-two (32) day period will bank ten (10) unpaid relief hours.
- (b) Banked relief hours shall be scheduled as time off without pay at times mutually agreeable to the Company and the employee, and may not exceed forty (40) hours except that they may be extended to seventy (70) hours by mutual consent of the employee and the Company.

13.07 Employees shall only accumulate relief hours if employees are at work for all necessary scheduled hours during the qualifying period. Time spent on vacation, relief hours, and union business shall not disqualify an employee for relief hours.

13.08 The Union will be notified prior to the commencement of any shift system which may be introduced which has different shift hours than the shift hours normally in effect. In notifying the Union, the Company shall also indicate the reasons for the use of such shift system.

ARTICLE 14. WAGES AND SALARIES

14.01 The Cooperative Wage Study (CWS) Manual for Job Descriptions, Classification and Wage Administration, dated May 1, 1979 ("the CWS Manual") is incorporated into the Collective Agreement as "Appendix A" and its provisions shall apply.

14.02 Each employee's job shall be described and classified and a rate of pay applied to such employee in accordance with the provisions of the Collective Agreement.

14.03 The Company shall pay standard hourly rates to its employees in accordance with the Standard Hourly Wage Scale in Schedule "A" which is attached hereto and forms part of the Collective Agreement.

14.04 Effective on the dates specified in Schedule "A" the employee's rate of pay shall be adjusted as follows:

- (i) Employees not receiving an out-of-line differential prior to the dates specified in Schedule "A" shall have their rate of pay adjusted to conform to the standard hourly rate for that employee's job.

- (ii) Employees receiving out-of-line differential prior to the dates specified in Schedule "A" shall have their rate of pay increased by the amount by which the rate for Job Class 1 had been increased and the following shall govern:
 - (a) If the employee's new rate resulting from such increase is greater than the standard hourly rate for the job in Schedule "A", the amount by which it is greater shall become such employee's new out-of-line differential and shall apply in accordance with the provisions of the Collective Agreement.
 - (b) If the employee's new rate resulting from such increase is equal to or less than the standard hourly rate for the job in Schedule "A", the rate of pay of such employee shall be adjusted to conform to the standard hourly rate for the job and the former out-of-line differential shall be terminated.
- 14.05** Employees on incentive jobs shall be guaranteed the standard hourly rate established under Schedule "A" for that job.
- 14.06** Except as otherwise provided by the Collective Agreement, the established rate of pay for each job shall apply to any employee during such time as the employee is required to perform such job.
- 14.07** The Company shall furnish to the Union a list agreed to by the Company and the Union of employees who are to be paid out-of-line differentials. Such list shall contain the following information:
 - (i) Name of incumbent to whom such out-of-line differential is to be paid;
 - (ii) Job title on which out-of-line differential is to be paid;
 - (iii) Job classification of such job;
 - (iv) Standard hourly rate of such job;
 - (v) Amount of out-of-line differential;
 - (vi) Date such out-of-line differential became effective.
- 14.08** Except as such out-of-line differential may be changed by means hereinafter provided, any employee included in the list referred to in Marginal Paragraph 14.07 shall continue to be paid such out-of-line differential during such time as the employee continues to occupy the job for which the differential was established.
- 14.09** If an employee with an out-of-line differential is promoted, transferred or assigned to a job having a higher standard hourly rate, then the differential shall be reduced by the amount of the increase in the standard hourly rate. An employee who does not take a promotion as outlined in Marginal Paragraph 11.10 shall have his out-of-line differential reduced as if

the promotion has taken place.

- 14.10** If as a result of a crew reduction as provided in Article 11 an employee with an out-of-line differential is moved to a job having a lower standard hourly rate, then the out-of-line differential shall be cancelled.
- 14.11** If such employee referred to in Marginal Paragraphs 14.09 and 14.10 returns to the job for which the out-of-line differential was established, the out-of-line differential shall be reinstated except as it may have been reduced or eliminated by other means.
- 14.12** Out-of-line differentials shall terminate when an employee is transferred under the provisions of Marginal Paragraph 11.28.
- 14.13** When an employee would, in accordance with the terms of the Collective Agreement, be entitled to receive his regular rate, as set out under Marginal Paragraph 14.07 he shall also receive out-of-line differential to which he is entitled.
- 14.14** Increases in the increment between job classes shall be used to reduce or eliminate out-of-line differentials; the amount shall be the change in increment times the applicable number of job class intervals.
- 14.15** Except for the application of the out-of-line differential, as called for in Marginal Paragraphs 14.07 and 14.08, the terms of the Collective Agreement governing transfers shall apply.
- 14.16** An employee who is temporarily transferred at Company request from his regular job shall be paid the standard hourly rate of the job to which he has been transferred provided such rate is not less than that of his regular job. If the rate of the job to which he is temporarily transferred is less than the rate of his regular job, he shall be paid the rate of his regular job during the period of such temporary transfer. The Company will maintain applicable shift premiums when such temporary transfer results in a change from 4x4 to 5&2 shift schedule unless the employee is in agreement with said transfer.
- 14.17** Except as otherwise provided, no basis shall exist for an employee covered by this Collective Agreement to allege that a wage rate inequity exists.
- 14.18** Employees who are incumbents in jobs requiring steam certification shall be paid a minimum of Job Class 17 if they hold valid 3rd Class Steam Certificates and a minimum of Job Class 11 if they hold valid 4th Class Steam Certificates.
- 14.19** There shall be a Union Committee known as the CWS Committee, consisting of three (3) employees appointed by the Union to represent the Union. The Union may change its representatives from time to time. Meetings of the Union CWS Committee and the Company representatives will be held quarterly as required. The timing of such meetings will be subject to the needs of the Operations.

Time off shall be granted to the Union CWS Committee members to perform their

responsibilities as outlined in the CWS Manual. This time off shall be considered as time worked and the Company shall reimburse Union CWS Committee members for any loss of earnings at normal straight time standard hourly rates. Absences from work shall be arranged through a person designated by the Company.

- 14.20** In the event an employee is transferred by the Company from a plant for lead, cadmium or arsenic hygiene reasons, and the employee suffers a loss in earnings as a result of the transfer, the Company will maintain the employee's former standard hourly rate on the job to which he is transferred. Where such transfer results in a change from 4x4 to 5&2 shift, the Company will maintain all premiums the employee received prior to the transfer for a period of up to eighteen (18) months.

The employee's former standard hourly rate shall mean the 'standard hourly rate' on which the employee spent most of his time in the two (2) pay periods prior to his being transferred. The maximum period of time during which this marginal paragraph will apply shall be a period equal to his total service in the plant from which he was transferred. The Company obligation under this Marginal Paragraph shall cease when the employee is cleared by the Occupational Health Department to return to his original plant, whether he does return or not.

ARTICLE 15. COURT DUTY AND BEREAVEMENT LEAVE

- 15.01** A regular full-time employee who is required to report for jury duty in Provincial Court, Supreme Court, Coroner's Court or Service Tribunal who is subpoenaed by the Crown to appear as a witness at any proceedings in the aforementioned Courts, on a work day on which he would normally have worked, will continue to be paid his normal standard hourly rate of pay according to his existing work schedule during such periods of absence on Court Duty.

An employee who has his pay maintained during his absence on Court Duty under this Article shall claim normal jury duty pay or witness fees from the Court for the period in question and shall upon receipt of such Court Duty pay or fees, reimburse the Company for the full amount of such pay or fees.

Time paid for Court Service will be counted as hours worked for the purpose of qualifying for vacation and Statutory Holidays but will not be counted as hours worked in a work day or work week for the purpose of computing overtime.

- 15.02** On application by a regular full-time employee, Bereavement Leave with pay shall be granted in the event of death in the employee's immediate family. The maximum period of such leave shall be the first three (3) working days after the day of death. "Employee's immediate family" means the husband, wife, daughters, sons, mother, father, step-mother, step-father, brothers, sisters, and grandchildren of an employee. Also Bereavement Leave for one (1) day shall be granted where an employee attends the funeral of the grandparents, mother-in-law, father-in-law, brother-in-law or sister-in-law of the employee where the funeral occurs on an employee's regular work day. While on such leave, an

employee will be paid his standard hourly rate for each regularly scheduled work day occurring during the period of such leave. Paid leave under the terms of this Section will not disqualify an employee for Statutory Holidays but will not be regarded as time worked for the purpose of computing overtime on a work day.

ARTICLE 16. SHIFT DIFFERENTIAL AND SATURDAY AND SUNDAY PREMIUM

- 16.01** For hours worked on the afternoon shift there shall be paid a premium rate of seventy cents (70¢) per hour. Effective June 1, 2000, the premium will be eighty cents (80¢) per hour. For the purpose of applying these premium rates, the expression “afternoon shift” shall have the meaning attributed to it by the Company in accordance with present practice.
- 16.02** For hours worked on the night shift there shall be paid a premium rate of one dollar five cents (\$1.05) per hour. Effective June 1, 2000 the premium will be one dollar and fifteen cents (\$1.15) per hour. For the purpose of applying these premium rates, the expression “night shift” shall have the meaning attributed to it by the Company in accordance with present practice.
- 16.03** A premium in the amount of one dollar and sixty cents (\$1.60) shall be paid for all work performed by employees on their regularly assigned shifts between the commencement of the first shift on Saturday and termination of the last shift commencing on Sunday. Effective June 1, 2000 the premium will be one dollar and sixty-five cents (\$1.65) per hour. The premium shall not be paid for hours worked at overtime or Statutory Holiday rates.
- 16.04** In order to provide a standard premium for hours worked on the 4x4 continuous shift schedule, the formula to be used is: four (4) hours afternoon shift premium and four (4) hours night shift premium divided by twelve (12), rounded to the nearest half cent.
- 16.05** In order to provide a standard premium for hours worked on the 4x4 day shift schedule, the formula to be used is: three and one-half (3.5) hours afternoon shift premium and one-half (.5) hours night shift premium divided by twelve (12), rounded to the nearest half cent. This premium applies only to those schedules starting between 6:00 a.m. and 8:00 a.m.
- 16.06** In order to provide a standard premium for hours worked on the 4x4 night shift schedule, the formula to be used is: four (4) hours afternoon shift premium and eight (8) hours night shift premium divided by twelve (12), rounded to the nearest half cent.
- 16.07** Employees working a 4x4 continuous shift schedule shall be required to “standby” as designated by their shift schedule. Employees on standby must be available to come out to work for a period covering one (1) hour before and one (1) hour after each shift change. Employees designated to be on standby may be replaced by other employees volunteering in writing to be on standby. Employees on standby will be paid two (2) hours at Wage Grade 1 for each calendar day they are on standby, whether or not they are called out to work. An employee on designated standby shall receive the call out if

such call out is required by the Company. If such call out is required and the employee is not called out he shall be reimbursed overtime rates for the hours missed. A standby call out will not be necessary if the Company transfers employees from other plants to relieve on the job.

ARTICLE 17. OVERTIME RATES AND STATUTORY HOLIDAYS

17.01 The work day is any day an employee is normally at work according to his assigned schedule commencing at the time he is scheduled to start work and ending twenty-four (24) hours later.

17.02 The work period is an employee's complete period of work and rest days starting with his first scheduled work day and concluding with his last scheduled rest day; for example, in a period of four (4) work days followed by four (4) rest days, the work period is eight (8) days.

17.03 Overtime occurs when an employee is required to work more than his normally scheduled hours in any work day, on a scheduled rest day, or on a relief day where such relief days occur on a fixed basis and are not banked. Overtime shall be paid as follows:

- (i) For the first six (6) hours of overtime worked during an employee's work period, the rate of pay shall be one and one-half (1 1/2) times the standard hourly rate of the employee.
- (ii) For all overtime worked by an employee in excess of six (6) hours during the work period, the rate of pay shall be two (2) times the standard hourly rate of the employee.

17.04 All overtime shall be voluntary except for work of an emergency nature as determined by the Company, such determination to be made in a reasonable manner, or in situations where a qualified replacement is not available. In such cases, employee(s) must remain at work.

17.05 Where the Company changes an employee's work shift resulting in:

- (i) A short change which is not part of a normal work schedule, the employee shall be paid overtime rates for the hours worked on the second shift which are within the same work day as the first shift.
- (ii) A long change and a potential loss of earnings, the provisions of Letter of Understanding No. 9 shall apply.

17.06 (i) Where an employee is required to work night shift(s) on his normally scheduled day shift(s) on the 4x4 continuous shift schedule, he shall be paid overtime rates for such shift(s) worked. Working more than two (2) straight night shifts in this circumstance shall not be considered a schedule change.

- (ii) Where an employee is required to report to work on day shift rather than his first scheduled night shift on the 4x4 continuous shift schedule, he shall be paid overtime rates for that shift unless the employee has been advised of the pending change no less than six (6) calendar days in advance or during his first day shift if such change is for training purposes where such training is in a classroom or with a recognized trainer.
- (iii) Where an employee works a 4x4 night shift schedule the employee will be paid overtime rates for the first two scheduled night shifts of each block. In the event the Company seeks to implement a 4x4 night shift schedule on a permanent basis, the Parties shall meet to discuss such implementation whereby the payment of overtime rates may be eliminated.

17.07 Schedules of work shall average forty (40) hours per week over any complete cycle. Overtime rates shall be paid for hours worked in excess of this average. In the event an employee's schedule is changed, the new schedule will become the employee's regular schedule at the conclusion of the rest days of the schedule of work from which he was changed. When such a change occurs overtime rates shall be paid for work performed on the first occurring rest days of the employee's former schedule, except that when the schedule change is to accommodate an employee's request transfer as provided in Marginal Paragraph 11.28 or when a newly hired or rehired employee is first assigned to a regular shift having just completed a plant induction and training program, overtime rates will not be paid for work performed on the first occurring rest days of the employee's former schedule.

17.08 When an employee works sixteen (16) hours or more in a work day he shall be entitled to an eight (8) hour rest period. If his regular shift is scheduled to commence before the expiration of an eight (8) hour rest period he will be permitted to remain at rest for said period and will be paid his standard hourly rate for the hours of his regular shift which fall within said rest period and for the remainder of his regular shift which he works he will also receive his standard hourly rate of pay. Where an employee is directed by his supervisor to work on that part of his regular shift which falls within the said rest period he shall be paid at overtime rates of his standard hourly rate for all work performed on his said regular shift. If not so directed the employee will remain at rest for an eight (8) hour period.

17.09 All work performed on New Year's Day, Good Friday, Canada Day, British Columbia Day, Labour Day, Thanksgiving Day, Remembrance Day, Christmas Day, Boxing Day and on an employee's Floating Statutory Holidays shall be compensated for at two and one-half (2 1/2) times the standard hourly rate.

The named Statutory Holidays will be observed in the following manner:

- (i) For those employees working on the continuous operation schedule the holidays will be observed on the dates on which the holidays fall.
- (ii) For all other employees, when any such holiday falls on a Saturday or Sunday, the Monday immediately following shall be considered as the holiday. When

Christmas Day falls on a Saturday or a Sunday, the Monday immediately following shall be considered to be the holiday for Christmas Day and the Tuesday immediately following will be considered to be the holiday for Boxing Day.

- (iii) In (i) and (ii) above the New Year's holiday shall be deemed to commence on night shift on December 31 and for purposes of Statutory Holiday pay would continue for the next twenty-four (24) hours.

In addition to the named holidays, each employee shall be entitled to three (3) Floating Statutory Holidays ("floaters") during each calendar year that he is in the Company's employ which shall be taken at a time mutually agreeable to the Company and the employee. This may be accomplished by taking two (2) twelve (12) hour floaters or three (3) eight (8) hour floaters. To qualify for floaters an employee must have had at least one hundred and twenty (120) days continuous service with the Company. Employees must have their floaters scheduled by October 31 or plant supervision may schedule them unilaterally. In the event employees are unable to take floaters by December 31, they shall receive pay in lieu thereof.

17.10 An employee shall qualify for pay on Statutory Holidays that he is not scheduled to work unless:

- (i) He is absent on his last scheduled shift before or his first scheduled shift after the holiday and fails to provide a doctor's slip or other documentation upon request.
- (ii) He is on an authorized leave of absence which exceeds fourteen (14) calendar days, with the exception of vacations.

An employee shall not be disqualified for pay on a Statutory Holiday if it falls during the three (3) day waiting period for Basic Sick Leave benefits.

17.11 When a Statutory Holiday falls during an employee's vacation with pay taken under Articles 20 and 21 and he would have become entitled to pay for such holiday not worked had he not been on vacation, he shall be paid for such holiday.

17.12 An employee who qualifies for pay on a holiday under this Marginal Paragraph and who does not work on such holiday shall receive eight (8) hours pay on the basis of his regular standard hourly rate (exclusive of shift differentials, overtime, holiday or other premiums) for the shift worked by him immediately prior to such holiday. An employee so qualifying shall not be entitled to such pay if he does not work on a holiday after being required by the Company to do so. If an employee works on the holiday as required by the Company, he shall receive no pay under this Marginal Paragraph unless he works only a part of his assigned shift, in which case he shall receive two and one-half (2 1/2) times the standard hourly rate for all hours worked, and straight time for the remaining hours of the shift not worked.

17.13 An employee who works on a Statutory Holiday which is also the employee's regular

scheduled rest day shall be entitled to time off with pay at his regular standard hourly rate equal to the number of hours worked on the Statutory Holiday. Such time off shall be taken at a time mutually convenient to the Company and the employee.

- 17.14** When a Statutory Holiday falls on a regularly scheduled work day of an employee working on the 4x4 continuous shift schedule and the employee is instructed to remain at rest on that day, he shall receive eight (8) hours pay at his standard hourly wage rate as provided in Marginal Paragraph 17.12. In addition, he may have his banked relief hours adjusted by the appropriate number of hours, in order to ensure that his normal average work week is maintained. If the employee receives less than twenty-four (24) hours notice then he shall receive twelve (12) hours pay at his standard hourly wage rate as provided in Marginal Paragraph 17.12.
- 17.15** Provided that an employee or group of employees involved and the Company agree, a Statutory Holiday may be observed on an alternate day. No employee shall be compelled to exchange shifts nor shall any overtime rates be payable as the result of such an exchange. The Union shall be provided with copies of shift exchange slips or crew petitions.
- 17.16** If an employee is called to report to work, and does so report, at a time other than the beginning of his regular shift, he shall receive a minimum pay of four (4) hours at the standard hourly rate.
- 17.17** An employee responding to a call-out shall be allowed a minimum five (5) hour rest period immediately preceding the start of his normal shift. If his regular shift is scheduled to commence before the expiration of a five (5) hour rest period he will be permitted to remain at rest for said period and will be paid his standard hourly rate for the hours of his regular shift which fall within said rest period and for the remainder of his regular shift which he works he will also receive his standard hourly rate of pay. Where the employee is directed by his supervisor to work on that part of his shift which falls within the said rest period, he shall be paid at overtime rates of his standard hourly rate for all work performed on his said regular shift. If not so directed the employee will remain at rest for a five (5) hour rest period. This does not apply when the call-out overtime continues into the employee's regular work shift.

ARTICLE 18. RESTRUCTURING

18.01 Workplace Flexibility

- (i) This Marginal Paragraph sets out the agreement of the parties respecting the flexible use of employees' skills in the workplace. This Marginal Paragraph does not supersede Marginal Paragraph 26.02. This Marginal Paragraph covers all employees working at the Company's operations at Trail, and is contingent on Marginal Paragraphs 18.02 (Contracting Out) and 18.03 (Employment Security) continuing in effect.
- (ii) Guidelines. The Company and the Union agree that employees may perform any

work, provided they have the necessary knowledge and skills acquired through appropriate training to perform that work safely.

The Company and the Union agree that Workplace Flexibility will not result in the removal of the primary responsibilities of operation of the plant from operators to tradespersons, nor of the primary responsibility of maintaining the plant from tradespersons to operators.

- (a) Safety - All work will be performed in a manner consistent with Article 9, Safety and Health, as well as the Company's safety rules, the Workers' Compensation Board of British Columbia's regulations, and other applicable legislation. It is recognized that some tasks can only be performed by employees who possess certain government certification and, in that instance, the work will only be performed by employees who possess the required government certificate.
 - (b) Trades - In order to maintain flexibility, tradespersons will assist other tradespersons for the efficient operation of the plant as long as the tradesperson is capable of doing the work in a safe manner and has the necessary qualifications to perform the work in accordance with Marginal Paragraph 18.01(ii)(a). Tradespersons will assist operating crews with the efficient operation of the plant so that downtime is reduced.
 - (c) Operators - In order to maintain flexibility, operators will assist tradespersons and other operators in the efficient operation of the plant as long as the operator is capable of doing the work in accordance with Marginal Paragraph 18.01(ii)(a). To this end, operators will make basic adjustments to their own equipment. When available, operators will also be expected to assist maintenance tradespersons when equipment is down.
 - (d) Training - Training of employees will be specific to the needs of each plant, crew, and employee. The Parties recognize that where training and the use of increased skills will result in increased pay for that employee based on CWS Job Evaluation criteria, where possible, a decision as to which employee shall receive such training will be based upon seniority.
- (iii) A Joint Committee will be established, consisting of two (2) employees representing the Union and two (2) representatives from the Company. One (1) employee from the Union appointees and one person from the Company appointees will act as Co-Chairs. The Company will reimburse, at straight time rates, employees who lose time from their normal work shift as a result of attending Joint Committee meetings.

The Committee will operate in a manner similar to the Joint Safety and Health Committee, and work to promote flexible work practices, team work, and cooperation so that employees are able to continually increase the efficiency of the

operation and to maintain a stable organization which is able to compete in the world marketplace. Consistent with these objectives, and the guidelines set out above, the specific responsibilities of the Committee will be to:

- (a) Approve training programs which are designed to provide the employee with the necessary knowledge and skills required to safely perform work required by his or her plant;
- (b) Provide input and guidance on the implementation of flexible work practises in each plant; and
- (c) Seek to resolve any disputes which arise as a result of flexible work practises, in order to avoid, if possible, having the dispute resolved by the grievance and arbitration procedures as set out in Article 12 of this Collective Agreement.

18.02 Contracting Out

The Company may only contract out the following work:

- (i) Construction work which cannot be done within the time frame required by the Company, by a maintenance support group of approximately eighty (80) employees;
- (ii) Specialty work where employees with the required skills or the required equipment are not readily available;
- (iii)
 - (a) Peak work (which may include demolition) is defined as work which cannot be completed by employees who normally perform that work, within the time frame reasonably required by the Company. Where peak work is to be performed by a contractor at the Company's industrial operations in Warfield and Tadanac ("Company's Operations"), such work will have defined scope and duration. The Company will not use a contractor on a continuous basis to do routine maintenance, repair, and service work at the Company's Operations. The Company agrees that employees will not be crew reduced from their seniority unit as a direct result of the use of contractors for peak work.
 - (b) Recall and return rights contained in the Collective Agreement will not apply where peak work is contracted.
 - (c) Each Operating Manager will ensure that representatives of available crews in his or her Business Area, who would have ordinarily performed work which the Company has proposed to be contracted out as peak work, will have an opportunity to discuss with the Company proposed peak work

contracting out. Whenever reasonably possible, such discussion will occur prior to a contract being awarded. Each Business Area will also appoint one person to ensure that these communications take place;

- (iv) Warranty work relating to systems, machinery or equipment owned by the Company. This does not include routine servicing nor the repair of damage or normal wear and tear;
- (v) Work relating to the servicing or repair of leased systems, machinery or equipment. In the case of leased mobile equipment, this does not include routine servicing or the repair of minor damage;
- (viii) The acquisition of parts, supplies, systems, machinery, equipment or processes;
or
- (vii) The repair or overhaul of parts, systems, machinery, equipment or processes which may be performed at a location other than the Company's Operations, recognizing that with the implementation of worker empowerment and flexibility the contracting of this work may be reduced.
- (viii) Further to Marginal Paragraph 18.02 (vii), the following trade security will be in effect for the employees defined below, after June 1, 1995. This trade security is contingent on the whole of this section on contracting out being in effect.
- (ix) Employees who are employed as a tradesperson on June 1, 1995 will continue to be employed as a tradesperson with the Company. The guarantee of employment in a trade referred to here means any trade and not necessarily the trade the employee is currently working in, and, therefore, the Company reserves the right to assign an employee to another trade and provide the trades training (which may include apprentice training) required to perform the work in that trade, which assignment will be accomplished as follows:
 - (a) The trade vacancy will be offered on a voluntary basis by seniority, first to all tradespersons in one or more trades selected by the Company; and
 - (b) If no such tradesperson volunteers for the trade vacancy, the Company may then assign the trade vacancy to the most junior tradesperson in those selected trades.
 - (c) The Company's right to assign an employee to another trade as set out in this Marginal Paragraph, shall not be construed as limiting the Company's right to otherwise select employees or persons for apprenticeships.
- (x) The Company agrees that it will notify the Union of any contractors which perform work at the Company's Operations prior to the contractor arriving on site to do such work. A representative of the Company and a representative of the Union will meet on a monthly basis to discuss any issues relating to contracting out.

- (xi) The Company agrees to use its best efforts to ensure that all contractors which work at the Company's Operations will be unionized, provided unionized contractors are available in the time frame required by the Company and, in the Company's opinion, it is economical to do so.
- (xii) Effective September 1, 1995, the Company will pay to the Union an amount equal to one percent (1%) of the total straight time wages paid to all employees of any non-Steelworker contractor brought on site to perform 'peak work', as that term is defined in Marginal Paragraph 18.02 (iii)(a).
- (xiii) The Company agrees that all contractors which perform work at the Company's Operations will be required to comply with all of the Company's and the Province of British Columbia's safety rules and regulations relevant to the work to be performed.
- (xiv) The Company retains the right to award contracts to any qualified bidder depending on the Company's assessment of the bids submitted as long as the selection is not contrary to the provisions of this Collective Agreement.
- (xv) Marginal Paragraphs 18.02 (i) through (xiv), inclusively, replace all other prior agreements or understandings related to the Company's right to contract out work, whether or not such agreements or understandings are in writing, or are established by any past practices.

18.03 Employment Security

Permanent employees on the active rolls or on authorized leave of absence on January 1, 1994, will not be laid off from their employment with the Company at its operations in Trail.

- (i) The employment guarantee contained in Marginal Paragraph 18.03 is subject to the following exceptions:
 - (a) Temporary layoffs because of temporary shutdown, including but not limited to vacation shutdowns, market conditions, interruption or cessation of feed supply, compliance with government orders, or force majeure;
 - (b) Layoffs resulting from decreased manning levels required because of the closure of the existing (old) Lead Smelter;
 - (c) Layoffs of any employee hired after January 1, 1994;
 - (d) Discharge for cause;
 - (e) Layoffs due to closure or sale, or significant reduction in the operating or manning level which precedes final closure or sale of:

- (1) The Company's operations in Trail;
 - (2) A plant or plants including but not limited to Cadmium, Indium, Germanium, and Copper products within the Company's Trail Operations.
- (ii) In the event the Company intends to close or sell a plant pursuant to Marginal Paragraph 18.03(i)(e), the Company agrees that prior to such closure or sale it will:
- (a) Discuss with the Union the number of employees who may be crew reduced or laid off as a result of the closure or sale, and
 - (b) Consult with the Union to explore alternatives to such crew reductions or layoffs.
- (iii) The Company will give the Union a list of employees covered by this Employment Security Section.

ARTICLE 19. TRAINING

19.01 The Company and the Union recognize the importance of assisting employees to improve their knowledge and skills so that they may have the opportunity of advancement to jobs of greater responsibility and pay. The Parties recognize the periodic need to make available to employees opportunities for training or retraining to provide for the Company's requirements of knowledge and skill. Any such training carried out on the employee's regular work schedule shall be paid at the standard hourly rate of the job for which he is being trained, or, if such training is at the Company's request, then the rate of such training will be at the employee's previous standard hourly job rate if such rate is higher.

The Company shall determine when an employee has acquired sufficient knowledge and skill to perform the job. An exception will occur when the job for which the employee is being trained is recognized by the Company as constituting a training step in a job training progression, and in such case the trainee will receive the rate for the designated training step. In training employees for permanent vacancies the Company will endeavour whenever possible to give preference to senior employees in accordance with the principles of Marginal Paragraph 11.08.

If at the end of the training no opening exists in the category for which the employee has completed the required training, the employee shall be placed in accordance with the provisions of the Collective Agreement.

An employee in a training program or in a job training sequence who does not attain the required level of skill, knowledge and proficiency will be removed from such program or job sequence and will be placed in accordance with the terms of this Agreement. The Company shall determine the employee's attained level of skill, knowledge and proficiency in a fair and equitable manner.

- 19.02** In the event that employees are affected by technological change, job restructuring or an organizational change to the degree that a demotion will result or a regular promotion be missed because of the lack of special training, such employees will be given prior consideration for training in that plant to fill resulting job openings providing that such employees have the necessary ability to do the job and are willing to participate fully in the training. Should the required training not accommodate all employees affected by such change, training will be offered in accordance with the principles of Marginal Paragraph 11.08. On successful completion of training, placement to fill the necessary jobs shall be in accordance with the provisions of this Collective Agreement. The Union will be advised of such training programs prior to their implementation and will have an opportunity for discussion.
- 19.03** Employees shall meet the requirements of the Provincial Government Tradesmen's Qualification Test in order to be designated as Tradesman 1st Class. For those trades in which the Government does not have Tradesmen Qualification tests, the Company and the Union will set up an equivalent procedure and examination and those who qualify and who successfully pass this test will be designated as Tradesmen 1st Class. The rate of pay will be the same for holders of Tradesmen Qualification Certificates (T.Q.) and Tradesmen 1st Class.
- 19.04** The Company's Apprenticeship Training Program shall remain in effect during the term of this Collective Agreement. The terms and conditions of apprenticeship contracts shall not be changed unless necessary to comply with relevant statutes or Government regulations.
- 19.05** In order to resolve problems and questions arising during the course of apprentice training, the apprentices in each trade may form a committee consisting of two (2) apprentices in the trade with or without a journeyman designated by the Union to assist and advise them. Such committee shall draw to the attention of the Superintendent, Employee Development and the appropriate trade supervisor the problems and questions arising in the Apprentice Training Program.
- 19.06** The Union may designate an Apprenticeship Committee to meet at intervals with the Company's Apprenticeship Advisory Committee in the interest of the Company's apprenticeship program.
- 19.07** The rates of pay for apprentices shall be in accordance with the following scale and as detailed in Schedule "A":

SCHEDULE OF APPRENTICESHIP TRAINING

19.08 Upon the successful completion of a stationary steam examination under the British Columbia Boiler and Pressure Vessel Act, the Company will reimburse an employee for the cost of an approved steam correspondence course. The Company will pay, on successful attainment of steam certificates, up to one (1) day's pay for 4th Class and up to two (2) days' pay for 3rd Class and up to two (2) days' pay for 2nd Class for time spent in taking such examinations. This provision will apply to those employees regularly employed on jobs requiring steam certification or those employed on job sequences leading to other jobs in which steam certification is a requirement.

The Company may grant employees leave of absence to attend a vocational school for steam training. During this absence the Company will pay the following rates of pay, less the allowances paid from Government sources;

- (i) Those trainees taking training leading to a 4th Class steam certificate will be paid at their standard hourly rate for a maximum time of four (4) weeks;
- (ii) Those trainees taking training leading to a 3rd Class steam certificate will be paid at their standard hourly rate for a maximum time of eight (8) weeks;
- (iii) Those trainees taking training leading to a 2nd Class steam certificate will be paid at their standard hourly rate for a maximum period of sixteen (16) weeks.

A week shall be limited to forty (40) hours.

For an apprentice absent from the job due to attendance at the provincial apprenticeship school, the Company will pay the apprentice his standard hourly pay less the allowance paid from Government sources. Should an apprentice fail to pass school term examinations and is permitted to repeat the same, the Company shall not be obligated to pay the apprentice as provided in this Collective Agreement while he is repeating his school term.

Should an employee fail to satisfactorily complete the prescribed course at a vocational school or pass the stationary steam examination, and is permitted to repeat the course, the Company shall not be obligated to pay the employee as provided in this Collective Agreement while he is repeating his training.

19.09 Employees who are enrolled in work related training programs required by the Company, either on their own time or during their regular work schedules, shall have their normal standard hourly rate maintained for the periods taken up by such training.

ARTICLE 20. VACATIONS WITH PAY

20.01 An employee who has been in the service of the Company for less than one (1) year prior to the 1st day of January in any year shall be entitled to a vacation, not exceeding one (1) week, with pay as designated in Marginal Paragraph 20.07, if taken before the succeeding 1st day of January.

- 20.02** An employee with one (1) or more and less than two (2) years of service with the Company prior to the 1st day of January in any year shall be entitled to a vacation with pay of two (2) weeks, if taken before the succeeding 1st day of January.
- 20.03** An employee with two (2) or more and less than eight (8) years of service with the Company prior to the 1st day of January in any year shall be entitled to a vacation with pay of three (3) weeks, if taken before the succeeding 1st day of January.
- 20.04** An employee with eight (8) or more and less than eighteen (18) years of service with the Company prior to the 1st day of January in any year shall be entitled to a vacation with pay of four (4) weeks, if taken before the succeeding 1st day of January.
- 20.05** An employee with eighteen (18) or more years of service and less than twenty-eight (28) years of service with the Company prior to the 1st day of January in any year shall be entitled to a vacation with pay of five (5) weeks, if taken before the succeeding 1st day of January.
- 20.06** An employee with twenty-eight (28) or more years of service with the Company prior to the 1st day of January in any one year shall be entitled to a vacation with pay of six (6) weeks, if taken before the succeeding 1st day of January.
- 20.07** For the purpose of computing such vacation pay, the word "week" shall be considered as constituting forty (40) hours. The word "pay" where used in Marginal Paragraph 20.01, shall mean remuneration amounting to four percent (4%) of the total wages earned by him as an employee as defined in this Agreement during the calendar year prior to the year in which he is entitled to a vacation. Where used in Marginal Paragraphs 20.02, 20.03, 20.04, 20.05 and 20.06, the word "pay" shall mean remuneration for two (2), three (3), four (4), five (5) or six (6) weeks, as the case may require based on the sum of earnings determined as follows:
- (i) The rate of vacation pay shall be the standard hourly rate at which an employee worked the majority of shifts in the total of the two (2) pay periods immediately preceding the vacation period and the standard hourly rate so established will be paid for the duration of such vacation;
 - (ii) When standard hourly rates are increased in accordance with Schedule "A" of this Collective Agreement, an employee shall have his established standard hourly rate increased accordingly on that portion of his vacations taken after the effective date of such increase;
 - (iii) Vacation time for employees working on the 4x4 continuous shift schedule shall be complemented by eight (8) hours of earned relief time or unpaid leave as required to make up a forty-eight (48) hour work block.
- 20.08** For each period of thirty (30) consecutive days an employee is absent from work in the year preceding the 1st day of January in any year, there shall be deducted from the vacation pay to which he would otherwise be entitled in the succeeding year under

Marginal Paragraphs 20.02, 20.03, 20.04, 20.05 and 20.06, one-twelfth (1/12) of such vacation pay provided that, as regards employees qualifying under said Marginal Paragraphs 20.02, 20.03, 20.04, 20.05 and 20.06, time spent on vacation which the employee is paid under this Article, or time lost because of sickness or accident to a maximum of twelve (12) consecutive calendar months from the commencement of such absence due to sickness or accident shall be considered as time worked and absence due to time away on Special Vacation will not affect the employee's Regular Vacation.

20.09 In the event an employee takes vacation immediately following a period of absence from his job due to illness, his vacation pay shall be calculated in the same manner as if he had commenced his vacation on the first day of his illness.

20.10 In the year next following those years that an employee first achieves the vacation plateaus for each of two (2), three (3), four (4), five (5) and six (6) weeks of vacation with pay, such employee shall be entitled to a vacation adjustment equivalent to 0.208 days, with pay, for each full one-half (1/2) month of service between his calculated vacation service date with the Company and December 31st of that same year. Although the pay entitlement shall be calculated as outlined above, the time entitlement shall be rounded off to the nearest full day.

20.11 The Company retains the right to schedule all or any vacations afforded under this Article 20.

ARTICLE 21. SPECIAL VACATIONS

21.01 Employees who have completed five (5) years of service, whether broken or continuous, prior to January 1st of each year, shall be entitled to Special Vacation of three (3) weeks in addition to their regular vacation entitlement. The three (3) weeks of Special Vacation shall be taken within the subsequent five (5) year qualifying period. During each subsequent five (5) year qualifying period, those employees shall become eligible for a further three (3) weeks of Special Vacation.

21.02 Special Vacations shall be governed by the following conditions:

- (i) They shall be taken at times which are suitable to both the Company and the employee.
- (ii) The allocation of regular vacations with pay shall have priority over the allocation of Special Vacations.
- (iv) In determining the length of a Special Vacation, a week shall mean a work week as defined in Marginal Paragraph 13.01, and shall include any holidays falling within the period provided that if a Statutory Holiday as defined herein falls within the

period and the employee concerned would have become entitled to pay for such holiday not worked if he had not been on Special Vacation, he shall be paid for such holiday.

- (iv) Special Vacation pay shall be computed on the basis of forty (40) hours remuneration per week based on earnings during the four (4) week period immediately preceding the Special Vacation determined as follows:
 - (a) The rate of vacation pay shall be the standard hourly rate at which the employee worked the majority of shifts in the total of the two (2) pay periods preceding the Special Vacation and the standard hourly rate so established will be paid for the duration of such vacation; and
 - (b) When standard hourly rates are increased in accordance with Schedule "A" of this Collective Agreement, an employee shall have his established standard hourly rate increased accordingly on that portion of his vacations taken after the effective date of such increase;
 - (c) Vacation time for employees working on the 4x4 continuous shift schedule shall be complemented by eight (8) hours of earned rest time or unpaid leave as required to make up a forty-eight (48) hour work block.
- (v) In the event that an employee's Special Vacation cannot be scheduled to be taken during a five (5) year qualifying period, then at the end of such period the employee shall be paid a sum equal to the amount of Special Vacation pay which he would have received if he had taken his Special Vacation at the end of the five (5) year period.
- (vi) An employee who retires to pension during a five (5) year qualifying period shall be entitled to a payment equivalent to a full three (3) weeks of Special Vacation pay, provided he has worked a minimum of fifty percent (50%) of the available time or sixty (60) days, whichever is the lesser, during the qualifying period.
- (vii) If an employee leaves the service of the Company or his employment is terminated during any five (5) year qualifying period, he shall be paid a sum proportionate to the service he has completed in the qualifying period. Should such an employee be rehired, upon completion of this qualifying period he will be eligible to receive three (3) weeks special vacation. However, his vacation pay shall be computed on the basis of the balance of the qualifying period for which he has already received a proportionate payment.
- (viii) Absence by an employee during a five (5) year qualifying period due to sickness or accident up to a total of twelve (12) months shall not affect his Special Vacation benefits. That portion of absence due to sickness or accident which is in excess of twelve (12) months shall result in a pro-rata reduction in Special Vacation pay. Time spent on vacation for which the employee is paid under Article 20 shall be considered as time worked for purposes of this subsection, but absences for any other reasons during a qualifying period shall result in a pro-rata reduction in Special Vacation pay. The time allowed for Special Vacation shall not be reduced.
- (ix) No employee shall receive more than three (3) weeks Special Vacation during any

five (5) year period following the date of qualification.

ARTICLE 22. CHECK-OFF

22.01 The Company shall honour a written assignment of wages to the International Union (United Steelworkers of America) for Union dues, initiation fees and those special assessments (excluding fines) set out in this Article. It is agreed that "special assessments", as used in this Article and in the assignment, shall be for the following assessments only:

The Company has agreed to provide, through additions to the coverage under the Extended Health Benefits Plan, a provision to pay for acupuncture services to a maximum of one hundred dollars (\$100.00) per family member, per year, for all those employees on the payroll and their families. The acupuncture services must be performed by a physician licensed by the B.C. College of Physicians.

SECTION 2 - BASIC SICK LEAVE**1. Purpose of the Plan**

The purpose of the Teck Cominco Metals Ltd. Basic Sick Leave Plan (hereinafter referred to as the "Plan") is to provide a reasonable income during periods of short term disability to certain employees of Teck Cominco Metals Ltd. (hereinafter referred to as the "Company"), as defined herein. The Company hereby covers those employees during the continuance of the Plan for the benefits provided in accordance with the terms of the Plan.

2. Definitions

Wherever used in this Plan, the following words have the meanings ascribed to them as set forth in this subsection:

- (a) "Employee" means an employee of the Company who is represented by the United Steelworkers of America, Local 480.
- (b) "Benefit" - Standard Hourly Rate - rate of pay that the employee would have made had he/she been at work, excluding any bonus, overtime or incentive pay; multiplied by a figure as specified in the collective agreement between the parties and/or this Plan.
- (c) "Actively At Work" - an employee is actively at work on any day during which he/she performs all of the usual and customary duties of his/her occupation with the Company, for the scheduled number of hours for that day.

- (d) "Disabled" - an employee is disabled if he/she is prevented by sickness or accident from performing the duties of his/her normal occupation and does not engage in any occupation or employment for wage or profit.
- (e) "Leave Of Absence" means a documented leave that is granted through the efforts of the supervisor and the Human Resources Department. Unpaid leave granted by the supervisor does not meet this definition.

3. Eligibility

Employees are eligible for coverage under the Plan on the first day after the employee completes three (3) months of continuous service.

4. Commencement and Duration of Benefits

The Plan will provide employees with benefits during periods of disability commencing with:

- (i) The first day in the case of an accident or hospital confinement; and
- (ii) The fourth day of sickness,

continuing for up to twenty-six (26) weeks. Hospital confinement means a period of at least eighteen (18) hours during which an employee must stay in the hospital, or when the employee is in the hospital to undergo procedures which are medically necessary and may only be performed in a hospital and involves a condition which is medically disabling.

Notwithstanding the commencement date for benefits for sickness noted above, employees with at least one (1) year of continuous service with the Company, and who are not on an attendance improvement program, will have an earlier commencement date as set out below:

- (i) For employees who have not claimed sick leave benefits nor have taken an unpaid leave of absence in the previous twelve (12) months, the benefits for sickness will commence on the second day of sickness; and
- (ii) For employees who have had only one claim for sick leave benefits or one unpaid leave of absence in the previous twelve (12) months, the benefits for sickness will commence on the third day of sickness.

5. Benefit Amount

The benefit amount of the Plan is designed to provide employees with a guaranteed level of disability income. The benefits under the Plan shall be the greater of:

- (i) 70 1/3% of the employee's standard hourly rate, or

- (ii) 70 1/3% of the employee's standard hourly rate, calculated as 1/40th of the employee's insurable weekly earnings under the Unemployment Insurance Act as amended to the date of the current collective agreement,

multiplied by all regularly scheduled hours of work lost as a result of the disability subject to the requirements outlined in paragraph 4 above. If an employee's standard hourly rate is increased in accordance with Schedule "A" of the collective agreement, the employee shall have his standard hourly rate increased accordingly so that all payments made under the Plan shall be at the new rate after the effective date of such increase.

6. Claims

An employee shall provide the Company with a written Proof of Claim for benefits, on a form provided by the Company, not later than five (5) working days after the onset of the disability. If the nature of the disability prevents the employee from submitting a Proof of Claim within five (5) working days, the employee or his representative shall inform the Company and submit the Proof of Claim as soon as practicable. The Company will inform the Union if the Company has reason to believe that an employee may intend to submit a claim for sick leave benefits, but the employee has not submitted a Proof of Claim within the required five (5) working day time period.

The Proof of Claim confirms the period of disability, and that the employee was or is at the relevant time, under the care of a doctor. At no time shall an employee receive benefits prior to being under the care of a doctor.

Upon receipt and acceptance of the Proof of Claim, benefits will be paid for the period of disability, subject to the terms of the Plan.

7. Medical Examinations

The Company may, at its expense, require medical examination of an employee for whom a claim for benefits has been made, and such benefits shall be suspended if the employee fails to submit to a medical examination. The physician conducting such examination will be mutually agreed to by the Company and the employee.

8. Confidentiality

Unless the employee specifically agrees otherwise, all medical information will be treated as confidential information, to be disclosed only to the Company's Medical Consultant and Industrial Nurse, and held in their medical files. Such medical information will be used solely to enable the Medical Consultant or Industrial Nurse to advise the Company on whether or not the claim for basic sick leave benefits will be accepted.

9. Interrupted Periods of Disability

Interrupted periods of disability occurring after the benefits become payable are considered a single period if the employee, in the interval between the interrupted periods of disability, is actively at work for a period of less than:

- (i) Two (2) consecutive weeks if disability is due to the same or related causes and the employee is performing the duties of his own occupation,
- (ii) Three (3) consecutive months if the disability is due to the same or related causes and the employee is performing the duties of an occupation other than his own, or
- (iii) One (1) day if disability is due to an entirely unrelated cause.

In such cases, a new waiting period is not applied and the benefit is payable for a period not to exceed twenty-six (26) weeks, starting on the first day of the initial disability.

10. Workers' Compensation Claims

No benefits shall be paid under the Plan for compensable accidents other than as set out below:

Employees who initiate a claim to the WCB relative to a sickness or disability, and whose claim may be delayed, may after a period of fourteen (14) calendar days, apply for Basic Sick Leave Benefits. An "Agreement In Undertaking" form must be completed by the employee prior to filing for benefits under the Plan. Such employees shall be required to pay in full, all monies received from the Plan if the WCB claim is successful.

11. Part Time Benefits

Employees may elect to participate in a gradual return to work program that results in partial days at work. Such employees shall be paid their normal hourly rate of pay for the hours of work performed, and benefits under the Plan for all other hours in the work shift. Each shift, or partial shift, shall be considered as a whole day in calculating the maximum benefit period (26 weeks).

12. Cost of the Plan

The full cost of the Plan will be borne by the Company, provided however, that the employee's share of the reduction in Employment Insurance premiums resulting from the registration of the Plan will be used to offset the cost of the Plan. The Company will arrange for the withholding of Income Tax from the benefit payments.

13. Overpayment

The Company may, at its discretion, recover any overpayment resulting from payment of benefits.

14. Exclusions

A benefit is not paid for a total disability which is due or results from:

- (i) The hostile action of any armed forces, insurrection or participation in any riot or civil commotion, or
- (ii) Bodily injury sustained while doing any act or thing pertaining to any occupation or employment for wage or profit when Workers' Compensation Benefits are payable.

SECTION 3 - LONG TERM DISABILITY

The Company will arrange a Long Term Disability Plan (LTD) with a commercial insurer. The Union will be provided with a copy of the Plan. Employees will be eligible for coverage under the Plan after three (3) months of continuous service.

The Plan will provide eligible employees with benefits during periods of disability after an elimination period of twenty-six (26) weeks, provided that an employee's disability meets the terms of the insurance policy. The maximum benefit period for the combined Basic Sick Leave Plan described in Section 2 of this Addendum, and this LTD Plan will be equal to length of service or, if the employee has ten (10) or more years of service, until age sixty-five (65). In any event, all benefits shall cease at the earliest recovery from disability or return to work or retirement or death.

Employees who are in receipt of LTD benefits as of December 31, 2001, shall continue to receive benefits until the earliest of recovery from disability, return to work, retirement or death or until age sixty-five (65). Effective November 1, 2001, such employees shall receive a LTD benefit of \$1,500 per month.

Effective from January 1, 2002, the definition of disability will be as follows:

During the first thirty-six (36) months of LTD benefits, the disability must prevent the employee from performing the duties of his/her normal job. After that time, the disability benefit will continue only if the disability prevents the employee from performing any job for which he/she is reasonably qualified as a result of education, training or experience.

In instances where there is a disagreement with respect to eligibility for LTD benefits, the Company will refer the employee to an Independent Medical Examination (IME) with a medical specialist prior to a final assessment of that employee's eligibility for LTD benefits. The specialist contracted to assess the employee will be mutually agreed to by one designated representative from each of the Union and the Company. Should mutual agreement not be reached, the Parties rights will revert to the applicable provisions of the Collective Agreement. The cost of the IME will be borne by the Company. Findings of the IME will be binding and accepted by the Company and Union as to the final determination of the employee's eligibility for benefits.

For employees receiving LTD benefits on or after January 1, 2002, excluding those employees who were in receipt of LTD benefits on or before December 31, 2001, such employees shall receive a LTD benefit as set out below. Length of service for benefit levels will be determined as of the employee's commencement of LTD benefits.

- (a) Less than 5 years of service: \$1,500 per month
- (b) From 5 to 10 years of service: \$1,600 per month
- (c) Greater than 10 years of service: \$1,700 per month.

Any disability benefits received by the employee from Workers' Compensation, the Canada Pension Plan or other Government plans with respect to such disability will be deductible from the benefits payable under this Plan.

The full cost of the Plan will be borne by the Company. The Company will make arrangements with the insurance carrier for the withholding of Income Tax from the benefit payments.

Revisions to Optional Coverage

Optional Coverage may be cancelled effective the last day of any calendar month, provided sufficient notice is given. Where an employee chooses not to participate when first eligible, or where, after a period of participation an employee cancels and at a later date wishes to again participate, evidence of insurability satisfactory to the insurer will be required.

To change his coverage, an employee must contact the Company's Human Resources Department to complete the appropriate authorization card.

Revisions Related to Wage Rates

Revisions related to wage rate change are effective on the first of the following month. When an employee's Basic Coverage is so revised, the Optional Coverage is revised accordingly.

Coverage for Retired Employees

Coverage for retired employees is related to final earnings, i.e. a percentage of active Basic Coverage. The monthly premium for this basic coverage shall be paid by the Company. Optional coverage is not available for retirees.

The levels of insurance after retirement are as follows:

Age	Percentage of Pre-retirement Basic Coverage
60 to 64	100%
65	80%
66	70%
67	60%
68	50%
69	40%
70 and over	30%

Certificates of Insurance

Each employee will receive a Certificate describing the coverage.

Extended Coverage on Disability

Should an employee, prior to age sixty (60), become disabled under the terms of the Policy and be unable to work for a period exceeding six (6) months, the employee's Basic Coverage will be continued subject to normal retirement reductions. In addition, the employee's Optional Coverage will be continued without payment of premium until retirement, as long as the employee provides regular proof of continuing disability.

SECTION 5 - DENTAL PLAN

The Company will provide, at Company expense, a Dental Plan which will provide for payment of eighty percent (80%) of the basic services, commonly referred to as Plan "A", and for the payment of seventy-five percent (75%) of the dental services commonly referred to as Plan "B".

The Company will provide, at Company expense, a Dental Plan which will provide dental services, commonly referred to as Plan "C", to a lifetime maximum of two thousand five hundred dollars (\$2,500) per family member. This maximum level shall only apply for dental work carried out on or after the effective date. Employees and their dependants will be eligible for coverage on the first of the month following six (6) months of continuous service. Dependants to be covered are

the employee's spouse and unmarried dependent children under age twenty-one (21) residing in British Columbia or unmarried dependent children under the age twenty-five (25), provided they are enrolled in an educational institution on a full-time basis.

Participation in the Plan is compulsory for all employees with the exception of an employee already covered as a dependant under a group dental plan, providing at least equal benefit, through the employee's spouse or parent. In such cases participation shall be waived provided that satisfactory evidence of the other plan is provided to the Company.

SECTION 6. VISION CARE PLAN

The Company will establish a Vision Care Plan which will reimburse each employee and each eligible dependant for his or her expenditure for prescription eye glasses and contact lenses to a maximum reimbursement of two hundred dollars (\$200) every two (2) calendar years.

Employees and their dependants will be eligible for coverage on the first of the month following six (6) months of continuous service. Dependants to be covered are the employee's spouse and unmarried dependent children under the age of twenty-one (21) residing in British Columbia.

SECTION 7. GROUP RRSP

Effective from January 1, 2000, the Company will establish a Group RRSP which will provide for basic employee contributions of one percent (1%), two percent (2%) or three percent (3%) of base rate earning for hours worked and for matching Company contributions of twenty cents (20¢) for each dollar of basic employee contributions. The Company contributions will be added to the employee earnings and deducted with the employee's contributions.

Additional employee contributions will be allowed up to the Revenue Canada limits. It will be the responsibility of each employee to ensure that his RRSP limit is not exceeded.

The plan will be arranged with an authorized carrier. It will provide for one or more investment options and, if applicable, periodic transfers between the options. Employee statement and tax receipts will be provided directly by the Carrier.

ADDENDUM "F"**MAINTENANCE OF RATE**

Rate protection shall be afforded employees who suffer a reduction in their standard hourly rates of pay for the following reasons:

- (i) Reduction of crew in a plant;
- (ii) Elimination of a job in a plant which results in a demotion;
- (iii) Deletion of a plant;
- (iv) Merger of two (2) or more plants;
- (v) Relocation or restructuring of a job to another plant;
- (vi) Technological, mechanization or automation changes which result in demotion.

An employee affected in the above manner shall receive the rate of his regular job at the time of the reduction for a period of eighteen (18) months. For a further period of eighteen (18) months the employee will receive an adjusted rate which will be midway between the rate of his regular job at the time of his reduction and the rate of his new job. At the end of this thirty-six (36) month period the rate of his new regular job shall apply.

The following conditions shall apply to rate protection:

- (i) Standard hourly rate shall be the Job Class rate on which an employee worked the most shifts in the twelve (12) month period immediately preceding the demotion.
- (ii) Rate protection shall only apply to the straight time standard hourly rate.
- (iii) The period of rate protection shall not be extended by illness, accident, leave of absence or any other reason, nor shall an employee receive any payment under this Addendum during such absence.
- (iv) An employee entitled to rate protection shall be obligated to perform whatever work is assigned to him, otherwise rate protection shall terminate and shall not be reimplemented.
- (v) An employee entitled to rate protection must accept any training the Company may require, a refusal disentiing an employee to any further rate protection.
- (vi) In order to qualify for rate protection an employee must have completed at least five (5) years of continuous service with the Company at the time the demotion takes place. In determining the period of continuous service from date of last hire, an involuntary severance and rehire due to a Company implemented layoff will not be considered a rehire date, provided such employee returned to work when called during his or her recall rights, and the combined actual time on rolls (not including the period of the layoff) of the two (2) or more periods of employment total at least five (5) years.
- (vii) An employee covered by rate protection shall also have his vacation, special vacation pay, Statutory Holiday pay, Company-Union Pension Plan, and Group Life Assurance protected for the applicable period in this Addendum.

ADDENDUM "H"**COST OF LIVING ALLOWANCE**

1. Each employee covered by this Agreement may receive a Cost of Living Allowance (COLA) during the term of this Agreement as hereinafter provided.
2. The Cost of Living Allowance shall be based on the Consumer Price Index (all items---base 1961 equals 100) published by Statistics Canada (hereinafter referred to as CPI).
3. The Cost of Living Allowance shall be equal to one cent (1¢) for each 0.35 point rise in the CPI as hereinafter determined counting as a full cent any fraction of one-half cent (1/2¢) or more.
4. The Cost of Living Allowance shall only be paid for hours actually worked and shall not be included in the calculation of overtime rates, vacation and statutory holiday pay, incentive plans or other premiums or benefits. The Company will pay the Cost of Living Allowance to apprentices while they are attending technical training sessions as required by their apprenticeship contracts.
5. For the measuring period commencing December 1, 2004 up to and including February 28, 2005, the amount of COLA will be determined by the difference between the CPI for November, 2004 and the CPI for February, 2005 and shall become payable from March 1, 2005 to May 31, 2005. The COLA will be based only on the percentage amount by which the CPI exceeds six percent (6%) annualized for the calculation period defined as the difference between the CPI for November, 2004 and the CPI for February, 2005. The COLA payment will be rolled into the standard salary rates on May 31, 2005.
6. In the event that the CPI declines, only the Cost of Living Allowances which have not been incorporated into the standard hourly rates will be subject to reduction.
7. In the event that Statistics Canada does not issue the CPI on or before the beginning of the periods referred to in Clause 5, any pay adjustments required shall be made at the beginning of the first pay period after publication of the CPI and shall be retroactive to the commencement of the appropriate period. In the event that a retroactive adjustment is made by Statistics Canada to the CPI it is agreed that the paid allowance to the employees will not be adjusted retroactively.
8. The Parties to this Agreement agree that the continuance of the Cost of Living Allowance will depend upon availability of the monthly Statistics Canada CPI in its present form and calculated on the same basis as the index for November, 1978. If Statistics Canada changes the form or basis of calculating the CPI, the Parties shall attempt to determine an appropriate index figure by agreement. If agreement is not reached the Parties agree to request Statistics Canada to make available for the life of this Agreement a monthly CPI in its present form calculated on the same basis as the index for November, 1978.
