OVERTIME BANKING PROCEDURES

PURPOSE

This program is designed to provide bargaining unit employees with an option to bank overtime hours. This banking process allows the employees to bank overtime hours and withdraw out of this bank in one of two ways:

- (a) Withdraw in the form of time off.
- (b) Withdraw in the form of monies.

PROCEDURE

1. Bargaining unit members may choose which overtime hours are to be banked.
2. When overtime hours are banked, these overtime hours will be converted to the equivalent of regular shift hours. (e.g. If an employee has worked five [5] overtime hours at the time and a half rate, the converted hours at the regular shift hours would be 7.5 hours banked time.)
3. No employee may bank more than one hundred (100) hours of converted time.
4. Employees withdrawing banked hours for the purpose of taking time off, will only be allowed (a maximum of forty [40] hours in any calendar year) for such time off after the "Overtime Banking Request Form" has been filled out and approved by management. The Company will endeavour to allow such time off as appropriate or as mutually agreed upon by the Company and the employee.
5. Employees wishing to withdraw banked hours in the form of monies, must fill out the "Overtime Banking Request Form" and have it approved by management. This money will appear as a separate cheque on the next available pay period.
6. For each request to add or withdraw from the bank, there shall be a copy of the completed form given to the employee. The original will be kept on file by the Accounting Department for each approved request.

RE: SECURITY ARRANGEMENT

The Company and Union agree, that for the current bargaining unit employees (a list of eligible employees is attached) at the date of ratification of this agreement, who were also employees with seniority on May 31, 1999, a Security Arrangement shall be provided. This arrangement shall supersede and replace Article 21 of the Collective Agreement. Article 21, will continue to have application for bargaining unit employees hired, or re-hired after May 31, 1999. This Security Arrangement shall provide as follows:

Any employee with seniority on May 31, 1999 who is laid off by the Company due to lack of work during the term of the Collective Agreement shall be provided with one (1) week of pay (calculated at their regular hourly rate of pay for up to forty (40) hours) for each week of layoff, for up to twenty-six (26) weeks. At the time an employee has received thirteen (13) weeks of pay under this letter, a one-time election can be made by the employee to receive the balance of these payments in the form of a lump sum final payment. If this one-time election is made the employee will be terminated and shall lose all seniority rights and rights to recall.

If the Company has an alternative employment opportunity, the Company may assign this to any employee in accordance with Article 13.08, in lieu of providing the above referenced payment(s). The Company will not require a Special Waste Driver to accept an alternative employment opportunity under Article 13.08, to avoid payment of the benefit under this Letter of Understanding.

The guidelines for determining employees to be affected by a layoff are set forth under Article 10.05, and will be followed unless the alternative selection process agreed to between the Company and the Union is followed.

It is further agreed that the following individuals shall be excluded from the alternative selection process:

Robert Faut
Jagtar Bhatti
Lane Boyd
Arlen Fennings
Gurdip Dhaliwal

It is understood that Arlen Fennings and Gurdip Dhaliwal may elect to be included in the alternative selection process but only one of them may be eligible during the term of this agreement.

Should any laid off employee be recalled to work, the twenty-six (26) week clock shall stop running for the period of employment. should any employee be laid off from work again, the clock shall resume from the point at which the clock was stopped and weekly payments shall commence up to the maximum of twenty-six (26) weeks of total payments during the term of this Collective Agreement.

Any employee who refuses a recall to work, or assignment(s) to an alternative employment opportunity in accordance with Article 13.08, shall have no eligibility under this Security Arrangement and shall be terminated from the Company and forfeit all seniority under the Collective Agreement.

In circumstances of force majeure, regarding the discontinuance of work due to strikes, freeze-up, snow, flood, earthquake, explosions, collapse of equipment or buildings, or other acts of God, etc., which result in the layoff or reassignment of any employee(s), there shall be no right to any payment under the Security Arrangement.

RE: SUBCONTRACTING

The parties agree the transportation of manifested materials shall be done by bargaining unit employees.

Further, the parties agree that it shall not be a violation of this agreement to subcontract transportation work where:

- (a) there are no less than four (4) Special Waste Drivers working within their classification who are provided with the opportunity to receive the equivalent of one hundred (100) hours of straight time pay in their two (2) week pay period, or
- (b) there is a lack of available or proper equipment.

In the event of a loss in business that necessitates a further reduction to the Special Waste Driver classification, the parties shall meet immediately to discuss this reduction.

It is also understood and agreed that in order to subcontract the transportation of manifested materials after any such reduction, there shall not be less than three (3) Special Waste Drivers working in their classification in accordance with this Letter of Understanding.

Any driver on an approved leave of absence, occupational or non-occupational illness or injury leave, shall be considered as working within their classification so as to satisfy the appropriate minimum staffing requirement as set forth above.

The absence of any Special Waste Driver for four (4) consecutive months will require the Company to hire a replacement as soon as possible if needed to maintain the appropriate minimum staffing level. If the minimum staffing level is not maintained, the Company will not be able to subcontract the transportation of manifested materials under this Letter of Understanding.
