The Employer reserves the right to schedule vacation for those employees who have not selected their vacation by May 15, except for vacation to be carried over as allowed under Clause 18.6 of this Agreement. Vacation schedules, once approved, will only be changed with Employer approval in exceptional circumstances.

(3) An employee who transfers to another work location where the vacation schedule has already been completed will not be entitled to exercise his seniority rights for that year only. However, every effort shall be made to grant vacation at the time of the employee's choice.

(b) A single vacation period which overlaps the end of a calendar year (December 31) shall be considered as a vacation for the vacation year in which the vacation commenced. MEMORANDUM OF UNDERSTANDING 1
RE: NSC DRIVER (LICENCE) PROFILE

The National Safety Code (NSC) has been implemented in British Columbia under B.C. Regulation 26/58 - Division 37, pursuant to the Motor Vehicle Act. Certain parts of the Regulation apply to the Employer.

Pursuant to Section 37.02(1), the Employer must possess and maintain a Safety Certification. In order to fulfil this requirement, the Employer is required by Section 37.29 to maintain "a transcript of the driving record of each driver" which is to be produced by the Employer during a "facility audit" carried out by inspectors. The transcript is a record of any and all driving offences and/or driving violation convictions of the driver. The transcripts referred to can be obtained in two ways:

- at the request of a driver directly to the Motor Vehicle Branch;
- at the request of the Employer to the Motor Vehicle Branch, with written approval of the driver.

The Parties to this Memorandum recognize the legal requirements to obtain Safety Certification and that the obtaining of driver records is for the purpose of maintaining the Certification. To that end, the Employer will allow bargaining unit employees to obtain such records in either way noted above; the Employer will pay the costs of obtaining same when the second method is used.

As long as the legal requirement exists to obtain such driver records, employees shall be required to supply or to authorize the obtainment of such records.

The Union and the Employer agree that the employees of Interior Roads Ltd. are very much in the view of the general public. As professional Operators, their driving skills and operating habits are under constant scrutiny. Public safety and liability are of a great concern to the Union and the Employer.

The Parties agree that the Employer will not establish rules or standards regarding the employment, or continuation of employment, of drivers which exceed the British Columbia provincial standards for retention of driving privileges, unless such standards are mutually agreed to by the Parties.

Signed and dated by both Parties the 13th day of February, 1997.

MEMORANDUM OF UNDERSTANDING 2

The Parties, following such meeting and upon mutual agreement of a modification to the hours of work, will amend the relevant clauses of the current Agreement to reflect the change.

MEMORANDUM OF UNDERSTANDING 4 (*Deleted Effective August 7, 2002*)
RE: SUMMER WEEKEND WORK

The purpose of this Memorandum is to address the issue of remuneration for work performed on weekends during the summer (non-winter shift) period.

There are two (2) types of work intended to be covered by this Memorandum. First is work which is mandated by the Employer's contract with the Provincial Government which is "*required to be performed on weekends*" (0001 hours Saturday to 2400 hours Sunday). Specifically, an example of the type of work to be remunerated with a one dollar and fifty cents (\$1.50) per hour premium is road patrol shifts. This is in addition to any other premiums due. Sign-up for such work will be via the same system used for winter shift. This Agreement in no way interferes with the obligations of Clause 14.2 of the Collective Agreement.

The second type of work is best described by the example of "*grader shifts*". Where employees are presented with a clear option of working afternoon weekday shifts versus weekend shifts and through no other compulsion elect the weekend shifts, a one dollar (\$1) per hour shift premium will be payable (in addition to any others due). Again, sign-up for such work will be via the same system used for winter shift. Obligations pursuant to Clause 14.2 of the Collective Agreement apply.

Where such weekend work is required by the Employer and no reasonable alternative options are provided, the remuneration will be via the one dollar and fifty cents (\$1.50) per hour premium. In the event that more than one (1) worker in the seniority block is required to work weekend shifts due to safety obligations, the remuneration for all such workers will be the one dollar and fifty cents (\$1.50) per hour premium.

The Employer will not propose afternoon or night shifts for other than bona fide reasons or to compel employees to elect summer weekend shifts.

The impact of this Memorandum is that the "*hours of operation*" addressed in Clause 14.2(a) may encompass seven (7) days per week and twenty-four (24) hours per day.

The term of this Memorandum coincides with that of the current Collective Agreement.

Signed and dated by both Parties the 13th day of February, 1997.

**MEMORANDUM OF AGREEMENT
RE: MODIFIED SUCCESSORSHIP**

WHEREAS the Employer has a highway maintenance contract with the Province of British Columbia to provide Road and Bridge Maintenance in Service Area No. 16; and

WHEREAS the Employer and the Union are or hereby agree to become Parties to a Collective Agreement(s) covering highway maintenance work; and

WHEREAS the Union and the Employer seek to clarify the representative obligations of the Union, the Employer and Predecessor Contractor(s) (the previous Employer(s) holding the highway maintenance contract for the above service area); Therefore the Parties agree as follows:

1. The Employer agrees that it is the successor Employer, as defined in this Memorandum of Agreement for the highway maintenance contract where the Predecessor Contractor, at the time of the termination of their contract, had a Collective Agreement with the Union, or was certified pursuant to Part 3 of the Labour Relations Code of British Columbia with the Union.
2. As a result of paragraph 1 above, the Employer agrees from the date of entering into this Agreement, or such other date as the Parties may agree, to be bound by the terms and conditions of the Collective Agreement, except where amended by this Memorandum of Agreement, that the Predecessor Contractor had with the Union.
3. Following award of the highways maintenance contract, all bargaining unit employees of the Predecessor Contractor shall become employees of the Employer. All of the rights of the employees under the Collective Agreement, including seniority and entitlement to benefits, will continue. The employee files of the Predecessor Contractor will become the employee files of the Employer. Apprenticeship indenture contracts of employees with the Predecessor Contractor will be assumed by the Employer.
4. Employees on any leaves of absence under the Collective Agreement at the time the Employer takes over a highway maintenance contract will be entitled to remain on leave of absence with the Employer for the time remaining for such leave under the Collective Agreement, subject to any requirements under the Collective Agreement governing the leave.
5. The Employer has no obligation to pay severance pay under the Collective Agreement to any of the employees of the Predecessor Contractor where entitlement is earned solely due to the termination of the Predecessor Contractor's Maintenance agreement with the Province of British Columbia.
6. The Employer is not liable for any monies or benefits earned but not received by the employees of the Predecessor Contractors while the employees were employed by the Predecessor Contractor.
7. The Employer is responsible for all wages and other earnings (including CTO) earned by its employees while employed by the Employer, and if a highways maintenance contract is not renewed, the Employer must pay out all earned wages and benefits to its employees within fifteen (15) days of cessation of their employment.
8. With respect to highways maintenance contracts between the Employer and the Government that are not renewed, the Employer will be responsible for all grievances that pertain to issues or matters that arise as a result of the Employer performing the highways maintenance contracts, and such grievances will be resolved through expedited mediation/arbitration or by direct agreement before the termination of the highways maintenance contract, unless otherwise agreed by the Parties.
9. Where the Employer and the Union have been unable to conclude all outstanding grievances sixty (60) days before the termination of the highways maintenance contract, the Province of British Columbia shall be advised of the monetary value of each outstanding grievance. The monetary value should be established by mutual agreement between the Employer and the Union and confirmed in writing by the Parties to the Province of British Columbia. Failing mutual agreement on the monetary value of each outstanding grievance, the arbitrator assigned to arbitrate the outstanding grievance(s). If no arbitrator has been appointed by the Parties, this matter shall be referred to a Settlement Officer pursuant to Section 87 of the

Labour Relations Code for resolution. Grievances that arise subsequent to the above period shall also have a monetary value established and notification provided to the Province of British Columbia.

The Province of British Columbia shall withhold an amount equal to ten percent (10%) from the final highways maintenance contract payment to address outstanding issues arising from this provision, unless the Union and Employer or arbitrator, in the case of a dispute, have advised the Province of British Columbia in writing of the proper amount to be held back. The monies withheld by the Province of British Columbia shall be deposited into a trust account to be administered by an independent trustee appointed by mutual agreement of the BC Roadbuilders Association and the BCGEU by October 1, 1999. Fees associated with the administration of the trust account shall be equally shared by the Parties. The funds shall be dispersed in accordance with the grievance resolutions reached between the Parties or by an appointed arbitrator. Disbursement of funds shall occur within fourteen (14) days of concluding the outstanding grievances. All outstanding grievances are to be resolved by the mutual agreement of the Parties or by arbitration within thirty (30) days of the expiry of the maintenance contract.

10. None of the employees of the Employer will have any entitlement to severance pay under the Collective Agreement if their employment is terminated as a result of the current highways maintenance contract of the Employer being terminated and a new maintenance contract for the same service area is entered into with a new contractor who is recognized as a successor Employer by the Labour Relations Board or through a Memorandum of Agreement on modified successorship that is consistent with this Agreement, and signed by the new Contractor and the Union or the maintenance contract is returned to direct government service. However, the severance pay provisions for Service Areas 2, 3 and 4 shall be governed exclusively by the terms of the Collective Agreement.
11. The Employer may require employees to take as time off, all earned CTO/ETO and lieu day entitlements prior to the expiration date of the highways maintenance contract.
12. The Employer and the Union agree that the provisions and principles contained within this Memorandum of Agreement shall apply to any other maintenance service area(s) for which the Union is certified and/or has a Collective Agreement that the Employer currently holds with, or may obtain in the future, from the Government for road and bridge maintenance. The Employer and the Union shall sign and implement a separate Memorandum of Agreement for each service area currently held or obtained in the future, for which the Union is certified and/or has a Collective Agreement. This does not prevent any employee(s) from exercising any rights provided under the Labour Relations Code or future labour legislation.

Originally signed by the Union and the Employer.

Re: Voluntary Departure Program

WHEREAS, various factors including economic conditions of the Company have brought pressures to bear, and;

WHEREAS, the Collective Agreement recognized staff reductions may occur by reducing either the least senior employees or by voluntary separation through the pre-layoff canvas provisions, and;

WHEREAS, the above named Parties wish to enhance and amend the pre-layoff provisions of the Collective Agreement;

THEREFORE, be it resolved that:

1. Amend Article 13.3 Pre-Layoff Canvas to read:
 - (a) Prior to the layoff of regular employee(s) under Article 13 of this Agreement, the Employer may, within a seniority block as defined in Clause 11.6, canvas any employee or group of employees to invite:
 - (1) placement into a vacant regular position within the seniority block; or
 - (2) resignation with severance as provided for in Clause 13.2(c)(1)(2) and (3); or
 - (3) accept a paid leave of absence for thirteen (13) weeks (with benefits continuation) followed by an immediate layoff with recall rights only as a temporary employee at the bottom of the temporary seniority list.

The Employer will advise employees of the number of individuals likely to be affected by a prospective layoff,

 - (b) where an employee selects an option or accepts an offer of placement, once confirmed in writing, such acceptance is final and binding upon the employee, subject to the agreement of the Employer.
 - (c) The Employer may establish reasonable time periods in which responses from employees will be received for consideration.
2. Leave(s) of absence without pay may also be considered by the Employer in accordance with Article 20.7 & 25.13 where such leave would alleviate an identified surplus and the provisions of Article 12.9 would likewise be waived for such leave(s) of absence. Full seniority will also accrue during such leave of absence. An employee proceeding on such leaves will immediately exhaust all vacation and CTO prior to the Leave of Absence. It is understood that such leave(s) will be consistent with the summer work period as established by the Employer (generally April through October).

Dear Jeff Fox and Tom Johnson:

Re: Industry Updates and Clarifications

Thank you for your joint letter of May 6, 2002. I appreciate the effort that the BC Road Builders and Heavy Construction Association and BC Government Employees' Union (BCGEU) are putting into these negotiations. I will respond to each of your items in the same order as your letter.

1. Process Update - The ministry supports your efforts to move to a local bargaining process as the appropriate next step. However, I would like to re-iterate that certain principles must be captured province wide in each of the collective agreements to ensure a more competitive labour market. These principles include the elimination of core group language, the ability to layoff with a suitable notice period, the ability of the maintenance contractor to subcontract work, and work-site flexibility.

2. Timeliness – I recognize that the deadline of June 30 is a challenge given the need to resource local bargaining. The timeline is required because the key contracting parameters need to be finalized for the next round and government approvals must be obtained. We should continue with a June 30 deadline. However, I do not want to discourage the parties from continuing negotiations. If full agreement is not reached by that time, the ministry will then have to make a decision on whether to stop negotiations (and move to the next round without successorship) or extend the deadline.

3. Yards – Innovations in yards do provide a good opportunity to reduce costs. The intent is to apply any cost reductions to the overall target of 10 percent. I recognize some yard savings had already been achieved in some contract areas. For the purpose of our budget targets, yard savings realized during fiscal 2001/2002 do contribute to the overall 10 percent reduction. Savings realized prior to 2001/2002 do not contribute to the overall target. In our budget process, the ministry anticipated an overall annual savings of \$3 million from yards. Work to date would indicate that the reduction target of \$3 million is on track. This contributes roughly 1 percent to the 10 percent reduction. As some areas will have already had reductions in yard costs prior to 2001/2002 you may want apply yard reductions across the board rather than area by area. I would appreciate your comments on how you will proceed with respect to yards.

4. Service Areas 11 and 20 – The overall budget target reduction of 10 percent is required by fiscal 2004/2005. Service Areas 11 and 20 contribute to this overall budget pressure. Therefore saving are needed from those two service areas as with all other contract areas. If agreement cannot be reached for those areas, then the status quo will apply and there will be no successorship in 2006. In addition, the savings required will need to come from the other contract areas or the ministry will need to negotiate with the two contractors to achieve the savings required in the two service areas. If an agreement is reached, it will be subject to whether government accepts the industry/labour proposal.

5. Service Area Restructuring – The provincial government has not yet reached a decision with respect to service area adjustments. I support your plan to use the current service areas as the basis for cost and efficiency considerations.

6. Voluntary Departure Program (VDP) – The ministry would support efforts to develop a voluntary departure program within the context of the current contracts. Such a program could be funded by accelerating labour cost savings prior to the 2004/2005 fiscal year. I would note that in the budget for this year (2002/2003) and next year (2003/2004), the ministry has assumed that yard savings will be realized. Therefore, interim yard savings cannot contribute to VDP. I would also like to emphasize that a VDP cannot be funded through reductions in work to be carried out under the contract.

7. Ministry Review Process – The ministry recognizes that the increased emphasis on local bargaining will mean that the ministry will need to review the resolutions on an area by area basis. We are prepared to conduct those reviews using the district managers and myself. However, we will need to understand how you intend to deal with maintenance yard savings across the province to undertake our assessments.

8. Duration of the Maintenance Agreements – I understand that the parties support a move to longer term agreements of up to 10 years as part of this negotiation. As the term of the contract will be subject to a government decision on the overall contracting approach, no commitments can be made at this time. I would note that in principle, and subject to government approval, the ministry supports the concept of longer agreements.

9. Contracting – Hired Equipment Requirements – The ministry is currently reviewing its approach to hired equipment. However, for the purposes of the negotiations, the two parties should consider this as status quo.

10. Escrowed Account – We will check into whether this is an escrowed account and get back to you. This was the first that I have heard of the issue.

11. Next Steps – The ministry continues to encourage the parties to move forward in the negotiations. We are prepared to assist with the process wherever possible. I have made the effort to provide clarification on your questions. However, I would like the three of us to meet within the next week and discuss these issues further to ensure that we have a consistent understanding.

Again, we appreciate your efforts. Please let me know if there is anything further the ministry can do.

Yours truly,
