ARTICLE 1 - PURPOSE

1:01

The purpose of this Agreement is to govern wages and working conditions so as to promote orderly harmonious relations between the Employer and his Employees and the Union agrees to cooperate with and assist the Employer in every legitimate way to conduct a successful business, bearing in mind that both parties must give service to the public.

The Parties agree that the Memorandum of Agreement dated September 27, 2001 forms a part of this Agreement.

ARTICLE 2 - RECOGNITION AND CRAFT JURISDICTION

2:01

The Employer recognizes the Union as the sole collective bargaining agency for General Foreman, Foreman, Journeyman, Apprentice(s), and Pre-Apprentice(s) employed on field construction work within the jurisdiction of the Union.

2:02

The Employer recognizes the jurisdictional claims of the Union as provided for in the Charter Grant issued by the American Federation of Labour to the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers and Helpers, it being understood that the claims are subject to trade agreements and final decisions of the A.F.L.-C.I.O. as well as the decisions rendered by the Impartial Jurisdictional Disputes Board.

For the purpose of clarification, the jurisdictional claims of the Union are contained in the Addendum attached hereto.

2:03

The Union confirms that the terms and conditions of this Collective Agreement and those matters set out in the Memorandum of Agreement will supersede any terms and conditions set out in Local Lodge 359 By Laws and Referral Rules, and render those Articles of the By-Laws and Referral Rules null and void.

2:04

"Employees" as used herein means Employees of the Employer engaged in such work in British Columbia and the Yukon Territory.

2:05

This Agreement does not apply to work which is performed by the Employer in the Employer's plant or shop.

2:06

This Agreement shall not apply to timekeepers, engineers, field office and clerical workers, or to Employees above the rank of General Foreman.

2:07

The Union agrees to co-operate with the Employer, in order that the work be conducted in the most expedient manner. It is recognized by the Parties to this Agreement that the work covered, at times, may require the use of qualified Owner's employees.

2:08 TOOL CRIB ATTENDANT

When a tool crib is established by an Employer on a job on which his work is predominantly Boilermaker jurisdiction, and an attendant is required, he shall be a member of the Union. The necessity of a tool crib and/or an attendant will be determined by the Employer.

ARTICLE 3 - MANAGEMENT RIGHTS**3:01**

It is the Employer's right to operate and manage its business in all respects in accordance with its responsibilities and commitments. The location of jobs, the choice of equipment, the schedule of installation, the methods and means of installation, are solely and exclusively the responsibility of the Employer.

3:02

The Employer has the right to make and alter, from time to time, rules and regulations to be observed by the Employees, provided that they are not inconsistent with this Agreement.

3:03

It is an exclusive function of the Employer to hire, promote, demote, transfer, suspend, layoff, discipline or discharge for just cause, Employees in the bargaining unit, subject to the provisions of this Agreement. The Employer may transfer to any jobsite a maximum of two key journeymen, per shift. The determination of key journeymen shall be made by the Employer. Transferred employees who were initially name hired or union appointed shall retain such status upon transfer.

3:04

Nothing in this Article shall be interpreted to prejudice other unspecified traditional rights of Management.

3:05

The selection and appointment of General Foremen and Foremen is solely the responsibility of the Employer in keeping with this Agreement. The designation and determination of the number of General Foremen and Foremen is the sole

responsibility of the Employer and shall be excluded from the name hire ratio. On a crew not exceeding five (5) Journeymen, per shift, one of them may be a Foreman who may work on the tools. (An Apprentice is in addition to the crew.) For tank projects, on a crew not exceeding ten (10) Journeymen, per shift, one of them may be a Foreman who may work on the tools. (An Apprentice is in addition to the crew).

When Foremen are brought forward on the prep crew for the sole purpose of project orientation, it is understood that they will not work on the tools.

The Employer may transfer General Foremen and Foremen from one of his projects to another of his projects. Prior notification will be given by the Employer to the Union of the names of supervisors to be transferred.

Foremen while working on the tools will be included in the journeyman name hire ratio. The Foreman shall be the only representative of the Employer who may issue instructions to the employees.

3:06

General Foremen shall be utilized by an Employer whenever he has established this level of supervision on his work on a project and when the number of employees reaches the level established; or when this level is appropriate to the size and nature of the job as determined by the Employer. General Foreman shall not work on the tools. The Employer agrees that the General Foreman shall be a member of Boilermaker Lodge 359.

3:07

(a) In addition to Article 3:05, the Employer shall have the right to name request Journeymen pursuant to the following table, unless otherwise mutually agreed to between the Employer and the Union.

The following per shift name hire formula shall be applied to each written request and bonafide emergency request for the dispatch of Journeymen as received from an Employer.

Journeyman Crew Requirements

TOTAL	EMPLOYER	UNION
One	--	One
Two	One	One
Three	One	Two
Four	Two	Two
Five	Two	Three
Six	Three	Three
Seven	Three	Four
Eight	Three	Five
Nine	Three	Six
Ten	Four	Six
Eleven	Four	Seven
Twelve	Four	Eight
Thirteen	Four	Nine
Fourteen	Four	Ten
Fifteen	Five	Ten
Sixteen	Five	Eleven
Seventeen	Five	Twelve
Eighteen	Five	Thirteen
Nineteen	Five	Fourteen
Twenty	Five	Fifteen

From this point the name hire ratio is 25%, i.e. 3 off the Board, 1 name request.

Twenty-Four	Six	Eighteen
Twenty-Eight	Seven	Twenty-One
Thirty-Two	Eight	Twenty-Four
Thirty-Six	Nine	Twenty-Seven
Forty	Ten	Thirty
etc.		

The Employer may not exceed the name hire ratio when reducing crew size.

Foremen working on the tools will be included in the name hire ratio. Foreman outside the name hire ratio, may not work on the tools and may not be demoted.

(Note: An Apprentice is in addition to the crew.)

- (b) All name requests shall be made in writing (including FAX), to the Union, prior to these requests being dispatched.
- (c) Journeymen employees who are members of the Union will be eligible to transfer to another of the Employer's project(s) at such time as the Union is unable to supply manpower within the classification as required by the Employer and/or when the Employer has been advised by the Union that manpower on the Union "out-of-work" list has been exhausted. All transfers shall be considered to be name requests. Those members transferred as name requests shall be laid off first, until the name hire ratio is met. Transfers

shall be implemented only if the employer has not terminated the employee and has not processed termination documents. The Employer must provide the Union with a list of all employees to be transferred.

- (d) The Parties agree that the number of contracts an Employer may have on a specific jobsite is irrelevant to employee assignments including abutting properties of a common Owner / Client (i.e. this is not a transfer).

3:08

An employee shall have the right to refuse a transfer from one job to another. In the event an employee does not choose to accept the transfer, he will not be considered as having quit and will be entitled to his return fare and travel expenses to Vancouver subject to the provisions of this agreement.

3:09

Members of the Union who have accepted a name request from an Employer other than via the Union Dispatch Office must report acceptance of the name request to the Union office prior to the Union receiving the Employer's written manpower dispatch order. Failure to comply shall nullify the member's name request(s) for fourteen (14) calendar days.

In the event that name requests exceed the ratio as contained in the formula, dispatching shall be done on the basis of first received.

Where the scheduled shift exceeds nine (9) hours or if unscheduled overtime is worked beyond the normal working day and if the duration of overtime is to exceed one hour, then the employee will be allowed a coffee break at the end of the normal shift. Such breaks and a suitable location to be determined by the Employer, in consultation with the job steward.

These breaks may be staggered, alternated or varied to permit continuous operation where required, by mutual agreement between the Business Manager and the Employer, prior to the start of the project, where possible.

14:04

Overtime rates of pay shall apply for Saturday, Sunday and Recognized Holidays, or for hours outside of the regular working hours, as amended by mutual agreement. This shall include waiting, reporting, show up and standby time.

14:05

If the scheduled shift is changed, a minimum of eight (8) hours notice shall be given to the affected employees.

14:06

Where the normal hours of work are in excess of eight (8) hours per shift, the very last crew remaining on the project may work only eight (8) hours. This refers to the completion of the job, not to workers who may be discharged earlier. This must be noted on each order for manpower placed with the union.

14:07 Emergency Repair Call-Out:

Where the Employer places an order for the immediate dispatch of a crew to an existing facility, it is considered to be an Emergency Repair Call-Out, for which the employees shall receive an emergency repair call-out allowance of:

For jobs sites in the Vancouver Free Zone & Port Moody:	\$ 75.00
For all other jobsites:	\$150.00

In cases of emergency work, where the Employer is unable to contact the Union office, the Employer may commence work and notify the Union office as soon as possible.

ARTICLE 15 - SHIFT WORK

(See Appendix "C" for Examples)

15:01

For the purpose of clarification and to define Saturday and Sunday work, the work shall be deemed to commence at the starting time of the regular day shift on Monday morning.

Shifts may be commenced on any calendar day provided the appropriate requirements for shift premium and overtime as specified in this Agreement, are met.

Shift premiums shall not apply for shifts on Saturday, Sunday and Recognized Holidays.

15:02

For the purpose of defining the shifts, the 1st shift shall be the day shift which commences at 8:00 a.m. The starting time may be varied by the Employer up to one (1) hour, earlier or later, without penalty or premium, provided eight (8) hours advance notice is given to the affected employees. Any further variance of starting time may be varied by mutual agreement with the Union to suit job requirements. The 2nd shift shall be the afternoon shift and shall follow the 1st shift. The 3rd shift shall be the night shift and shall follow the 2nd shift.

15:03

- (a) When two (2) shifts are scheduled, each shift shall provide for a one-half (1/2) hour unpaid meal period. A shift premium, as set out in Appendix "A", shall apply on all hours worked on the second shift.
- (b) When three (3) shifts are scheduled, each shift shall work seven and one-half (7½) hours of work with a one-half (1/2) hour unpaid meal period. A shift premium, as set out in Appendix "A", shall apply on all hours worked on the second and third shifts.

15:04

When an employee is required to return to work without an 8 hour break, all work performed shall be paid at double (2) the regular hour rate, until such time as the employee receives an eight (8) hour break. It is the intent of this clause that no employee shall lose pay on a normal shift due to taking the required eight (8) hour break. (Example: Day Shift works to 2:00 a.m., has 8 hours off and returns at 10:00 a.m. for a shift which normally commenced at 8:00 a.m. He is paid from 8:00 a.m. onwards).

ARTICLE 16 - OVERTIME

16:01

- (a) When an employee is required to work in excess of the regular hours, Monday through Friday inclusive, or to work any hours on Saturdays, Sundays or Recognized Holidays, he shall be paid overtime at double (2x) the regular hourly rate.
- (b) It is recognized that unscheduled overtime is commonplace in our industry. Every effort will be made by the Employer over the course of the job to spread the unscheduled overtime evenly amongst the crew; however, individual qualifications may dictate otherwise.
- (c) Two and Three Shift Operations:
Employees working overtime shall continue to receive their shift premium for all hours worked. The shift premium shall not be compounded for overtime hours worked.

16:02

When an employee works more than 10 hours, a free meal (hot when possible) and beverage will be provided by the Employer immediately after the conclusion of 10 hours, and at each 4 hour interval thereafter. The employee shall be allowed a 30 minute meal break and shall be compensated at the straight time rate of pay. Where this is impractical, a \$20.00 meal reimbursement, plus one-half hour of straight time wages will be paid for all employees required to work the overtime, including those receiving any form of subsistence. If a meal break is not taken after ten hours, there shall be a 10 minute coffee break. At his option, the Employer may advance the meal break to the conclusion of the normal working hours or any time between then and the conclusion of the 10 hours.

On scheduled overtime, the foregoing may be changed by mutual consent of the Business Manager and the Employer.

When foremen are required to arrive at work up to one-half (1/2) hour prior to the normal starting time of the shift to organize work and/or obtain permits, they shall not be entitled to a meal or meal break unless they work more than two (2) hours beyond the end of their normal shift.

Notwithstanding the above, Foremen and General Foremen, required to work hours additional to that of the crew they are supervising, shall be entitled to rest (coffee) and meal breaks consistent with those breaks established for their crew.

ARTICLE 17 - VACATION AND RECOGNIZED HOLIDAYS

17:01

- (a) Every employee covered by this Agreement, shall receive fourteen (14) recognized holidays with pay, which shall be calculated at six percent (6%) of his gross earnings and shall be paid to the employee on the regular weekly pay cheque.
- (b) Every employee covered by this Agreement shall receive a Vacation Allowance which shall be calculated at six percent (6%) of his gross earnings and shall be paid to the Employee on the regular weekly pay cheque.
- (c) Vacation and Recognized Holiday pay shall be combined and shall be accrued at the rate of twelve percent (12%) of gross earnings.

17:02

The Recognized Holidays are:

New Year's Day, Third Monday in February (Heritage Day), Good Friday, Easter Monday, Victoria Day, Canada Day, Friday preceding B.C. Day, B.C. (NOTE: See calendars at back of this agreement for dates).

17:03

Overtime rates shall be paid for hours worked on Holidays recognized in this Agreement. This shall include, waiting, reporting and standby time. No work shall be performed on Labour Day, except in cases of emergencies, shutdowns or special circumstances.

17:04

Recognized Holidays in this Agreement falling on a Saturday or Sunday shall be observed on the following Monday, unless otherwise mutually agreed. When Christmas Day falls on a Saturday or Sunday, the following Monday and Tuesday will be observed.

ARTICLE 18 - WAITING AND REPORTING TIME

18:01

When an employee, on initial hire or transfer to a project, is instructed by the Employer to report to a job location on a certain day but is not placed to work until a later date, he shall be entitled to four (4) hours pay, plus subsistence if applicable, for the first regular working day he is kept waiting. Thereafter the waiting time shall be increased to a full day's pay (i.e. to a maximum of 8 hours) for each regular working day. This waiting pay shall continue until the employee is given work or released from the job.

18:02

- (a) When an employee reports to work and commences work and is sent home by the employer, the employee shall be paid four (4) hours pay at the applicable rate if sent home prior to the first meal period. If the employee is sent home after the first meal period, the employee shall be paid the full shift as scheduled. Should the employee leave the place of work on his own accord the employee shall be paid for the actual time worked.
- (b) **STANDBY-TIME**

The Employee must be available and capable of returning to work upon notification.
- (c) When an employee commences work and is requested by the Employer to stop work and report back at a later time, the employee shall be paid, as if there had been no interruption in the shift at the applicable rate up to a maximum of the scheduled shift, providing however, that the employee is available and capable of returning to work upon notification.

18:03

- (a) **SHOW-UP TIME**
When an employee shows up for a scheduled shift and the shift is cancelled and the employee is sent home by the Employer, the employee shall be paid two (2) hours show-up time.
- (b) When an employee is notified eight (8) hours prior to the commencement of a scheduled shift not to report for work, (i.e. during the prior shift) then he will not be eligible for two (2) hours show-up time.
- (c) Where 18:03 (a) or (b) occurs on any two consecutive days, then the employee will, at his option, be entitled to a layoff.

18:04

An employee who is affected by the Conditions set out above shall be entitled to subsistence in accordance with the provisions of this Agreement.

18:05

When an employee qualifies for waiting, reporting or standby time, such time shall include the regular pro-rated shift premium when applicable.

18:06

When an employee is unable to report for work due to a strike or work stoppage on the project where he is employed, such employee will not be entitled to any reporting or show-up time.

18:07 WORKERS' COMPENSATION CASES:

When an accident has occurred that is properly established as a Workers' Compensation Board claim, and the attending physician gives the employee a letter to the effect that the employee will not be fit to resume work for more than six (6) shifts, then the Employer, at his option, shall do one of the following:

- (a) Reimburse cost of transportation back to the point of hire except when such transportation is supplied and/or reimbursed for at the time by the Workers' Compensation Board, or
- (b) Be responsible for provision of board and room free of charge during the period of absence due to injury except when such board and room is supplied and/or reimbursed for at the time by the Workers' Compensation Board while in the project area.
- (c) Provided that in both the above cases (a) and (b) the Union and the employee will ensure that the Employer is reimbursed for such monies that the Employer may outlay.

18:08

Employees involved in an accident while on the job shall receive a full day's pay for the day of the accident providing they require medical treatment by a doctor.

Where no employee requires Employer supplied transportation, the employee's daily travel will be paid both ways.

Where transportation is provided by the Employer and is delayed by mechanical breakdown or other causes attributable to the condition or operation of the vehicle, the following shall apply. If the employee is delayed in arriving at the jobsite, his hours of work and pay shall nonetheless be considered to start at the normal time. If the employee is delayed in departing from the jobsite or arriving to his normal pickup point due to mechanical breakdown or other causes attributable to the condition or operation of the vehicle, the actual time of such delay shall be added to the employee's earnings calculated at the straight time rate.

- (e)(i) A local resident is defined as a Union member who resides within eighty (80) road kilometers from the project at the time of hire. An employee's residence is the place where he permanently maintains a self-contained domestic establishment (a dwelling place, apartment, or similar place of residence where a person generally sleeps and eats) in which he resides and for which he can show proof acceptable to the Employer.

There shall not be any payment of Employer paid travel expense turnarounds unless actually taken (i.e. use it or lose it). However, the employee is allowed to accrue Employer paid travel expenses turnarounds to a future date.

ARTICLE 20 - SUBSISTENCE

20:01

When employees can be accommodated in Camp accommodation supplied by the Employer, no employee shall be entitled to any other form of subsistence. General Foremen are excluded from this provision.

Camp shall mean camp accommodation as defined in the British Columbia-Yukon Territory Building and Construction Trades Council Camp Rules and Regulations as established September 1, 1987 and any revisions thereto.

Local residents, as defined in Article 19:01 (e) (i), shall not be entitled to subsistence allowance. On camp jobs, local residents shall be entitled to one (1) meal daily.

20:02

An employee who elects to go on subsistence allowance will be allowed to check into Employer supplied lodging, providing a room is available. In either case this choice can be made only once.

Commercial lodging shall mean a hotel room, or its equivalent and food of first class quality, which must be at least equivalent to that available in camps, on the agreement that first class accommodation is understood to mean a single room when available.

20:03

Where subsistence allowance is elected by the employee, it shall be as follows, for each calendar day:

- (a) \$80.00 for all sites except those listed in Article 20:03(b).
- (b) For jobsites in:
 - Campbell River
 - Gold River
 - Nanaimo
 - Port Alice
 - Port Alberni
 - Powell River
 - Woodfibre

The subsistence allowance shall be \$85.00 per calendar day.

- (c) The employee shall receive subsistence allowance for the first week of the project within that first week with no hold back, and every week thereafter.

20:04 CHECK-OUT ALLOWANCE:

- (a) Any employee who is living in camp accommodations provided by the Employer may elect to receive a sum of twelve dollars (\$12.00) per day or any such amount as may be established on a project by mutual agreement in lieu of meals which will not be consumed on weekends or Recognized Holiday(s). If meal tickets are provided to employees, the employee must turn in his meal tickets to the Employer's Representative not later than 4:00 p.m. on the day preceding such weekend or Recognized Holiday(s).
- (b) Any employee who is living in Commercial Lodging accommodations provided by the Employer may elect to receive a sum of fifteen dollars (\$15.00) per day or any such amount as may be established on a project by mutual agreement in lieu of meals which will not be consumed on weekends or Recognized Holiday(s). If meal tickets are provided to employees, the employee must turn in his meal tickets to the Employer's Representative not later than 4:00 p.m. on the day preceding such weekend or Recognized Holiday(s).
- (c) The employee must work the shift prior to the weekend or Recognized Holiday(s) and the shift after the weekend or Recognized Holiday(s) unless mutually agreed between the employees and the Employer's Representative.

20:05

When an employee fails to report to work when work is available on the working day immediately preceding or following bad weather days or Recognized Holidays, he shall forfeit subsistence allowance for such absenteeism and for the bad weather days or Recognized Holidays. When Saturday is not a working day and an employee fails to report to work on Friday when work is available he shall forfeit subsistence allowance for Friday and for Saturday. When Sunday is not a working day and an employee fails to report to work on Monday when work is available, he shall forfeit subsistence allowance for Sunday and for Monday. An employee shall also forfeit subsistence allowance for absenteeism on any working days.

- (a) The above forfeiture of subsistence allowance shall be waived when the employee's absenteeism on any working day or on Friday and/or Monday, as outlined above, is due to a bona fide illness or absence is due to compassionate grounds satisfactory to the Employer and the Union.
- (b) Forfeiture of subsistence allowance may also be waived in other cases if the reason for absenteeism is acceptable to the Employer.
- (c) Where an employee forfeits subsistence under Article 20:05 herein and is on free room and board, he shall reimburse the employer an amount equal to the prevailing subsistence allowance for each day of forfeiture.

ARTICLE 21 - PAY DAY

21:01

Employees shall be paid weekly, during normal working hours, not later than Friday. In no case shall more than five (5) regular working days be held back in any one payroll period.

21:02

Employees who are laid off or discharged from the service of the Employer, shall receive their Wages and Record of Employment on termination if the payroll is made up on the project, otherwise:

- (i) The employee shall receive an Employer termination slip which shall show either his net pay and deductions, or the basic factors from which his pay will be calculated including: total pay hours, travel expenses, subsistence, etc.
- (ii) and the Employer shall mail the employee's wages and Record of Employment within three (3) days, exclusive of Saturday, Sunday and Recognized Holidays.
- (iii) Should the employee fail to provide in writing to the Employer a residence mailing address, the employee's wages, etc. shall be mailed to the Union office as prescribed in this Article.

Should the Employer fail to comply with this provision, the employee shall receive an additional sum equivalent to eight (8) hours pay at straight time rates for each day he is kept waiting up to a maximum of forty (40) hours.

The parties have agreed that a penalty is appropriate when the Employer is in default of making final payment to the Employee on termination. The purpose of this is to compensate the employee for delays in payment that are due to reasons within the control of the Employer. However, it is recognized that there may be extenuating circumstances making it impractical for the Employer to comply with this provision and in that case, the Business Manager shall be empowered to waive the employee's right to grieve.

21:03

When an employee quits of his own volition, he shall receive his Wages and Record of Employment on the regular day applicable for the period worked.

ARTICLE 22 - WAGES

The Wages for all classifications covered by this Agreement are set out in Appendix "A" attached hereto.

ARTICLE 23 - PROVINCIAL AND FEDERAL LAWS

23:01

In the event any provision of this Agreement is in conflict with Provincial Statutes (Federal in the Yukon Territory or other areas where Provincial Statutes are not applicable), the parties agree to re-negotiate such provisions for the purpose of making it conform to such Provincial or Federal Statutes where required, however, all other provisions of this Agreement shall remain in force.

23:02

When the employee is away from the job site and not under the specific direction and control of the Employer, nothing in this Agreement shall be construed to either increase or decrease the Employer's legal responsibility for the employee, nor the employee's entitlement to Workers' Compensation or other legal status; rather, these shall be determined on their merits in accordance with applicable acts, laws, rulings and regulations.

ARTICLE 24 - APPRENTICESHIP AND APPRENTICESHIP FUND

24:01

Boilermaker Apprentices, when available, shall be employed on work covered by this Agreement in the ratio of one (1) Apprentice to five (5) Journeymen. The Apprenticeship ratio is based on the total number of Journeymen hired to the project. (Note: An Apprentice is in addition to the crew.)

It is recognized that there may be situations in which the above ratio would be impractical. In order to obtain relief, the Employer must consult with the Business Manager of the Local Lodge.

Apprentices shall only be referred, employed and paid at their proper classification and corresponding wage rate.

24:02

All Apprentices shall be employed in accordance with the provisions of the Apprenticeship Act and the parties hereto agree to observe all provisions of the said Act.

24:03

Apprentices shall be given the support of the Journeymen working on the job on which the Apprentices are employed, and, the supervision of the Foreman, and, under the guidance of the Journeyman, they may perform rigging, fitting, layout work or any other part of the Boilermaker trade.

24:04

When the Employer reduces the workforce on any project, Apprentices are not to be solely used to perform functions of the Journeyman in lieu of a Journeyman.

ARTICLE 25 - SUB-CONTRACTING

25:01

It is agreed and understood that Employers when sub-contracting work within the jurisdiction of Lodge 359 covered by this Agreement, shall only subcontract such work to an Employer signatory to an Agreement with Local Lodge 359.

ARTICLE 26 - ENABLING CLAUSE**26:01**

Where a particular Article or Articles of this Collective Agreement is or are found to work a hardship for a particular project or specific geographical area, the terms and conditions of this agreement for that project or specific geographical area, may be modified by the mutual consent of the Union and the Boilermaker Contractors' Association of B.C. when they deem it prudent. It is understood and agreed that where mutual agreement for such change cannot be achieved, the request shall not be subject to either grievance or arbitration.

ARTICLE 27 - DURATION AND RENEWAL OF AGREEMENT**27:01**

This Agreement shall become effective the first Sunday after ratification (i.e. October 28th, 2001) and shall remain in full force and effect until October 2, 2004 and year to year thereafter unless either party shall, at least ninety (90) days prior to any anniversary date thereafter, notify the other party to this Agreement in writing of any proposed changes to this Agreement.

27:02

The party receiving such notification shall have the right to submit counter proposals provided they are submitted sixty (60) days prior to the expiration of this Agreement.

27:03

The parties shall meet not later than forty-five (45) days prior to the expiration date of this Agreement, and shall negotiate with a view to concluding a Collective Agreement without unnecessary delay.

27:04

If a revised Collective Agreement has not been concluded prior to the expiration date of this Agreement, it may be extended beyond that date to whatever extent may be mutually agreed, or as provided by applicable laws, statutes or regulations.

27:05

The operation of Sections 50 (2) and (3) of the Labour Relations Code are hereby excluded.

CAMP REGULATIONS

In recognition of the great improvement of Camp conditions over the past few years and in consideration of the efforts of Building Trades Councils in co-operation with the various Employers groups to improve the standard of living for Building Tradesmen, certain regulations have to be laid down and adhered to in order to ensure that the camp conditions are maintained.

It must be realized that a camp and equipment costing many thousands of dollars, in some cases in excess of a million dollars, will soon deteriorate if subjected to the whims of vandals without any measure of control over such situations.

There are camps in existence today where the population is greater than many of the villages and towns in the province, and these communities have set up some form of authority such as a Town Council to govern the population.

It has long since been recognized that on large construction projects there has to be a central authority to handle camp grievances. This has been known as the Camp Committee, and the leader of that group is the general spokesman known as Camp Chairman. In many respects his position is similar to that of a mayor in a community.

Camp Committees on construction projects are for the most part playing a very vital role in the Labour-Management relationship which through co-operation of both groups are able to make a Building Tradesman's life away from home as pleasant as possible under the circumstances. Their job is no small task, therefore, with this in mind the following Camp Regulations have been set forth to be administered by the Camp Committee who shall have full authority to enforce these regulations.

1. The Camp Committee shall be responsible for the enforcement of the Camp Rules and Regulations.
2. All acts of vandalism shall be investigated and the responsible party or parties are to be exposed, and such acts, together with the names of the party or parties, permanently recorded with The British Columbia & Yukon Territory Building and Construction Trades Council. Repeated offenses may result in expulsion from camps under the jurisdiction of The British Columbia & Yukon Territory Building and Construction Trades Council.
3. Any occupant of the camp found guilty of wilful damage to camp property shall be made responsible for all costs as the result of such wilful damage.
4. The Camp Committee shall have authority to recommend the dismissal of any occupant found guilty of wilful damage to camp property.

5. Occupants of the camp shall be co-operative with the bull-cooks in maintaining cleanliness of the room.
6. No resident of the camp shall complain directly to an employee of the camp or catering staff. If a resident finds he has a grievance he shall first present it in writing to his Camp Committeeman.
7. Occupants of the camp shall show consideration for their neighbours in respect to the playing of radios or television sets, or noisy conversation after 11:00 p.m.
8. Late night parties in rooms that disturb other occupants of the camp are prohibited.
9. No occupant of the camp shall utilize laundry facilities that are located in the same building as the living quarters after 11:00 p.m.
10. Fighting or violence of any sort in any part of the camp is grounds for instant dismissal.
11. Any camp occupant who is abusive to any member of the Camp Committee, in the conduct of his duties, shall appear before the Camp Committee to account for his behaviour.
12. The Camp Committee shall be authorized to summon any resident of the camp to appear before them to deal with grievances raised by the Camp Management.
