10. & 11. Not Applicable.

The parties agree that grievances can frequently be resolved by discussion between the employee and the employee's immediate supervisor and therefore in the hope that disputes can be resolved amicably, every employee in the bargaining unit is encouraged to seek to settle informally, with their immediate supervisor, any dispute which may arise.

12.04 Settling of Disputes

- (a) Should a dispute arise between the Employer and any employee(s) regarding the interpretation, meaning, operation or application of this Agreement, including any question as to whether a matter is arbitrable, or where an allegation is made that this Agreement has been violated, or should any other dispute arise, an earnest effort should be made to settle the dispute in the following manner. This shall include the use of telephones where necessary and the costs shall be borne by the Employer for calls between the parties to this Agreement.
- (c) Where a dispute involving a question of general application or interpretation occurs and cannot be settled through the mutual agreement of both parties, the Union or the Employer may initially present the grievance at Step 2 of Article 12.04(a) above, subject to the stipulated time limits.

Within five work days thereafter, the other party shall answer by registered mail indicating the name and address of its appointee to the Arbitration Board. The two arbitrators shall then meet to select an impartial Chairperson.

The Board shall determine its own procedure but shall give full opportunity to all parties to present evidence and make representations. In its attempts at justice, the Board shall as much as possible, follow a layperson's procedure and shall avoid legalistic or formal procedures. It shall hear and determine the difference or allegation and render a decision within 10 work days from the time the Chairperson is appointed.

13.04 Decisions of the Board

The decision of the majority shall be the decision of the Board. Where there is no majority decision, the decision of the Chairperson shall be the decision of the Board. The decision of the Board of Arbitration shall be final, binding and enforceable on all parties and may not be changed. The Board of Arbitration shall not have the power to change this Agreement or to alter, modify or amend any of the provisions. HOWEVER, the Board shall have the power to dispose of grievance by any arrangement, which it deems just and equitable.

All reasonable arrangements will be made to permit the conferring parties or the arbitrator(s) to have access to the Employer's premises to view any working conditions which may be relevant to the settlement of the grievance.

14. DISCIPLINE

- 14.01 The Employer may terminate a probationary employee for unsuitability where the employee's performance has been measured against reasonable standards and the assessment was carried out fairly and objectively. Each probationary employee shall be informed upon hiring of these provisions.
- 14.02 Whenever an interview is to be held with an employee with respect to dismissal or suspension, for a written reprimand, or for a verbal reprimand that becomes part of his or her personnel record, the employee may, at his or her option, request the attendance of his or her Area Representative or his or her alternative Area Representative, or if either are not immediately available, a co-worker of the employee's choice. However, if immediate disciplinary action is required, the Employer will not be prevented from doing so, if none of the above are available.
- 14.03 At the request of an employee, records of verbal or written reprimands shall be removed from the employee's file after 24 months of the date of reprimand provided the employee has been actively employed for the majority of the two year period and provided no other discipline has occurred over the 24 months.
- 14.04 An employee covered by this Agreement shall have the right to refuse to cross a picket line arising out of labour disputes. Failure to cross such a picket line by a member of this Union shall not be considered a violation of this Agreement, nor

18.02 Rest Breaks

Each employee shall be entitled to a 15 minute rest break in each half of a shift.

18.03 Variable Hour Schedules

- (a) All variable hour schedules must be designed to meet operational requirements and to provide efficient service to the public. One of the two alternate variable hour schedules shall be instituted for the period from March 16th to January 31st in every work unit where the numbers involved are sufficient to allow the schedule to work without impairing the effectiveness of the unit. A longer period of time may be instituted at the discretion of the Department Head or Assessor. It is agreed that it is desirable to extend this period where possible.
- (b) Notwithstanding (a) above, where it is practical to do so without reducing the effectiveness of the department or office, the employees and the Department Head/Assessor shall mutually agree to institute either of the following:
 - 1. A 5-4 cycle commencing on a Monday and consisting of nine days with a total of 70 hours worked each 14 day period.
 - 2. A variable hour schedule in which each employee will be entitled to submit for approval a five day schedule of seven named hours to be worked within the period 8:00 a.m. to 6:00 p.m.
- (c) Any employee who prefers to remain on the regular hour schedule of 8:30 a.m. to 4:30 p.m., with one hour for lunch, may elect to do so. Having chosen a regular hour cycle, the employee may elect to change her or his hours to the variable hours in effect, but such change can be made no more frequently than once annually.
- (d) An office or department may be divided into work units, each of which may select one of the options of variable hours. Those groups desiring a variable hour arrangement must select either the 5-4 cycle or the variable hour

schedule. In addition, those on a 5-4 cycle cannot introduce a variable hour arrangement into the cycle.

(e) The major criteria for the 5-4 work cycle will be:

1. Although the individual schedules shall involve nine working days in each fortnight, the departments and offices involved will continue to provide service on a five day weekly basis. Therefore, the days off shall be staggered in order to achieve full five day coverage, but shall fall on Mondays or Fridays where possible in order to provide to the greatest extent possible that every second weekend is of three days duration.
2. When an employee is absent from work as a result of a training assignment (Article 16.10), vacation (Article 22), sickness (Article 23) or leave of absence (Article 24) such employee shall be deemed to have lost seven hours in the 70 hour work cycle for each day of absence. In addition, statutory holidays which fall during a vacation period, in all cases, shall be regarded as seven hour days.
3. Notwithstanding (2) above, when an employee is absent from work as a result of a statutory holiday in accordance with the provisions of Article 21, such employee shall be credited with scheduled work hours for such day(s) in accordance with the employee's work schedule. This credit shall not exceed seven and three-quarters hours.

(f) The major criteria for the variable hour schedule will be:

1. Each employee will choose a particular daily schedule within the stipulated parameters and will submit this schedule to the employee's Department Head/Assessor for approval.
2. The schedules shall include a lunch break of not less than one-half hour or more than one hour approximately mid-shift.
3. The Department Head/Assessor will co-ordinate the schedules submitted to ensure that the department or office has adequate coverage for the full period. Where the schedules submitted do not allow for full coverage, the Department Head/Assessor will stipulate the changes necessary to achieve this coverage.
4. Changes in hours may be made by an individual by submitting a revised schedule for approval no more than once annually. Approval will not be withheld unless the revised schedule results in necessary coverage not being provided.

- (g) Having chosen one of the two variable hour schedules, a work unit can mutually agree with the Department Head/Assessor to revert to the normal work week or to change to the other alternative variable hour schedule no more than once annually.
- (h) If, as a result of being assigned to a training programme by the Authority, an employee on the 5-4 schedule works in excess of 70 hours in the scheduled two week period, the hours worked in excess of 70 shall be given as additional straight time off. The opportunity to revert to normal work hours for such assignment or in the case of vacation (Article 22) or leave of absence (Article 24) for the affected two week cycles, shall not be construed as a violation of the limit of once annual changes noted in this Article.
- (i) When an appraisal crew (or an individual Appraiser) is scheduled to work in an area isolated from the office, the majority of the crew, including other employees scheduled to work with the crew, may reach mutual agreement with the Assessor/Manager to work a compressed work schedule whereby the 70 hours in each two week period is worked over a shorter time space both by increasing the daily hours up to a maximum of 10 and by re-scheduling days off to fall at the end of the two week period. Where a compressed work week of this type is agreed to, all members of the crew will be required to work that schedule. The two week cycle of 70 hours may be shortened to one week of 35 hours where the situation merits such change.
- (j) Notwithstanding the foregoing, the Department Head/Assessor shall determine the work schedule to be worked by temporary or summer relief employees.
- (k) Variable hour systems which were in effect during 1977 and which are not in strict accordance with the foregoing, may continue PROVIDING they meet the operational and service requirements outlined in Section (a).

MEMORANDUM OF UNDERSTANDING

BETWEEN

BRITISH COLUMBIA ASSESSMENT AUTHORITY

AND

CANADIAN UNION OF PUBLIC EMPLOYEES
LOCAL NO. 1767

Joint Productivity Committee

The Parties acknowledge that the concept of gainsharing provides an opportunity for the employer and the union to work in a cooperative manner in order to identify operational efficiencies while ensuring the maintenance of assessment roll quality, exceptional customer service and fiscal responsibility. In this regard the Parties agree to establish a joint productivity committee pursuant to Article 9.01 and 9.02 of the Collective Agreement, comprised of two union representatives and two employer representatives.

The Committee will meet at least quarterly to discuss and make recommendations that:

- identify improvements in processes and work practices
- identify enhancements in the delivery of services to the public in an efficient and cost effective manner
- identify innovations
- identify efficiencies throughout the organization

These recommendations will be reviewed by representatives of the Executive Committees of both Parties prior to submission to the Assessment Commissioner.

Further the Committee will:

- monitor the results of the gainsharing formula
- communicate the results of this initiative
- make recommendations to the Parties for future development of this program including the measurement criteria

The Parties further agree on the criteria for measurement of gainsharing.

The average of (a) and (b) will form the basis for the amount of gainsharing

- (a) new construction value divided by net taxable school value on the completed roll for the current roll year, expressed as a percentage, less percentage increase in the FTEs for the calendar year,
- (b) increase in folio count, expressed as a percentage, less percentage increase in FTEs for the calendar year,

The above to be applied as per the attached formulas.

The Parties agree the bargaining unit's share will be one-half of any gain in the percentage increase in productivity as measured above to a maximum of 5% of each employee's wages earned for January 1st to December 31st inclusive, in the measurement year. The Parties recognize that the payment formula could result in a share of less than 5%.

The gainsharing amount will be in a lump sum payment to employees who are employed as of December 31st in the measurement year.

The gainsharing amount will be calculated as of December 31st each year and any payment will be made in the first pay period in March of the following year, commencing March 2002.

There will be no gainshare if, for the current year on the completed residential assessment roll in British Columbia:

- (a) the median assessment-to-sales ratio is less than 95 percent,
- (b) the coefficient of dispersion is greater than 10 percent, or
- (c) the price-related differential is less than .98 or greater than 1.03.

This memorandum will expire December 31, 2006 with the final lump sum payment made in March 2007.

March 2007 Payment

Formula (a)

$$\left[\left(\frac{NCV2007}{SV2007} \times 100 - \frac{FTE2006 - FTE2005}{FTE2005} \times 100 \right) + \left(\frac{NCV2006}{SV2006} \times 100 - \frac{FTE2005 - FTE2004}{FTE2004} \times 100 \right) + \left(\frac{NCV2005}{SV2005} \times 100 - \frac{FTE2004 - FTE2003}{FTE2003} \times 100 \right) \right] / 3$$

Formula (b)

$$\left[\left(\frac{Folio2007 - Folio2006}{Folio2006} \times 100 - \frac{FTE2006 - FTE2005}{FTE2005} \times 100 \right) + \left(\frac{Folio2006 - Folio2005}{Folio2005} \times 100 - \frac{FTE2005 - FTE2004}{FTE2004} \times 100 \right) + \left(\frac{Folio2005 - Folio2004}{Folio2004} \times 100 - \frac{FTE2004 - FTE2003}{FTE2003} \times 100 \right) \right] / 3$$

Where:

- Folio = folio count as reported for the completed roll on the NC401 report.
NCV = new construction value as reported on the completed roll on the RM105 report
SV = net taxable school value as reported on the completed roll on the RG117 report.
FTE = total hours of work for all employees where 1827 hours of work equals one FTE.

The above noted parties to the contractual Agreement HEREBY AGREE EACH WITH THE OTHER to the following points dealing with field travel:

1. Where practical and subject to operational requirements, the Employer and/or its' designated supervisor shall provide reasonable advance notice to an employee prior to approved overnight field trip assignments away from home.
2. When required, an employee will be eligible for a 'special travel advance' if the approved travel status assignment is of a long duration or there is some other unusual circumstance requiring abnormal use of funds. In this circumstance the Authority wishes to insure that an employee has an advance sufficient to cover her or his expenses.

Of course, if additional working space is required necessitating kitchen unit type accommodation and prior approval is obtained, costs will be paid by Employer.
4. Subject to Article 34.01, upon the approval of the manager, when an employee has requested to return home at the end of a work week and the field assignment away from home is a relatively short driving and/or ferry distance, the use of Authority vehicles or payment of Continuous Use Vehicle reimbursement and approved ferry travel costs may be allowed. Re: Transit Pass Program

The Employer understands that transit pass programs sponsored by BC Transit allow employees to purchase a permanent transit pass through payroll deduction and that they are presently offered by the Greater Vancouver (TransLink) and Greater Victoria regional transit systems. Each regional system establishes its own program rules, including minimum employee participation requirements. If there is sufficient interest in these two locations to meet these requirements the Employer will enter into agreements with the regional transit authorities as established by their program.

It is understood that the Employer's responsibility is limited to providing the necessary administrative support to set up the program and to allow for the payroll deduction. Employees who participate are wholly responsible for the actual costs of any transit pass they purchase through this program. It is also understood that, if future minimum participation levels fall below any requirements established by the regional transit systems, the Employer may withdraw from that program.

Fiscal Dividend

THE PARTIES AGREE AS FOLLOWS:

Having agreed the term of the Collective Agreement to be from January 1, 2006 to December 31, 2009, a Fiscal Dividend Bonus may be paid from a one-time fund (the "Fund") generated out of monies, in excess of \$150 million, surplus to the BC government, as defined in the Province's audited financial statements, for the fiscal year 2009-10.

1.0 Fiscal Dividend:

1.1 If fiscal dividend funds are determined to be available, a Fiscal Dividend will be paid as soon as reasonably practical.

1.2 The quantum of the Fund accessible for the parties to this agreement will be based on the Province's audited financial statements as at March 31, 2010.

The Fund will be determined as follows:

- (i) The calculations will be based on the surplus, as calculated before deduction of any expense associated with the Fiscal Dividend Bonus, achieved in fiscal 2009-10, as published in the audited financial statements for that fiscal year, provided that the surplus is in excess of \$150 million.
- (ii) Only final surplus monies in excess of \$150 million will be part of the Fund, and the total quantum of the Fund for the entire public sector (including all categories of employees) will not exceed \$300 million.
- (iii) The quantum of the Fund will be constrained by the proportion of the public sector that is eligible to participate in the Fiscal Dividend Bonus i.e., 100% of the Fund will be available if 100% of all categories of employees in the public sector under

the purview of the Public Sector Employers' Council participate, but if a lesser number participate, a proportionately lesser amount of the Fund will be available.

(iv) Additionally, the Fund will be proportioned among all groups of public sector employees by ratio of group population to total population participating.

1.3 The Fiscal Dividend Bonus will be paid to each eligible employee who is on the active payroll on December 31, 2009.

1.4 The Parties agree to distribute the available bonus amount using the same distribution method as that agreed for the 2006 Early Incentive signing bonus.

1.5 To facilitate the implementation of this Memorandum, the parties will meet no later than six months after the publication of the audited public accounts for fiscal 2009-10, to review the formula for the dividend payment, and the resulting payments to be made.
