Within departments the Company must offer and assign the longest shifts to employees with the most seniority provided the employees have the ability to

fulfil the job requirements. If a more senior employee declines a longer shift in favour of an available shorter shift, then the longer shift shall be again offered on a seniority basis. The Company must offer and assign all scheduled forty (40) hour shifts to the employees with the most seniority before implementing shifts of lesser hours.

(b) Shift Preference and Days Off By Seniority

(b) Less Than Eight Hours

Where an employee is scheduled for less than eight (8) hours in a day, the shift cannot be extended unless by consent of the employee.

4.06 Guarantee of Hours

The Company agrees therefore that the hours posted in accordance with 4.04 are guaranteed unless an employee voluntarily absents himself/herself for the shift or any part thereof or unless the Company is forced to shut down his operations, or any part thereof, because of an Act of God (i.e. fire, flood or other natural disaster, etc.).

4.07 Meal Periods

For Seven Hour Shifts

It is understood that employees who absent themselves as set out above, inform their supervisor prior to leaving the premises and inform their supervisor upon their return.

4.11 Compressed Work

Notwithstanding Article 4.01, the Company shall have the right to implement a 4 x 10 hour shift in the Sport Shop Department, Janitorial Department, and Ice Making Department. Employees working this shift shall be paid at straight time rates. Work in excess of ten (10) hours shall be paid at time and one-half for the first hour and double time thereafter. An employee who is on this shift and is not scheduled for a statutory holiday shall be compensated at ten (10) hours straight time pay provided that the employee otherwise qualifies under Article 7. An employee who is scheduled to work the statutory holiday shall receive ten (10) hours pay in addition to the overtime rate agreed to in Article 7.02.

It is further agreed that the Company can schedule part time employees in the Repairs and Maintenance, Janitorial and Icemaking departments for ten (10) hour shifts with the first eight (8) hours at regular time and the next two (2) hours at overtime rates; such shifts are not subject to Article 5.02 or 5.03.

RE: - CLARIFICATION OF ARTICLES 4 - HOURS OR WORK; 12 - SENIORITY; 14 - JOB POSTING AND JOB AWARDS WITH RESPECT TO SCHEDULING, THE APPLICATION OF SENIORITY, FILLING OF VACANCIES AND THE POSTING AND AWARDDING OF JOBS AND THE PRINCIPLE OF THE MAXIMIZATION OF HOURS OF WORK

The parties to this Agreement understand that prior to the signing of this letter of understanding, there may have been a misapplication of the above mentioned articles and recognize that both parties had a hand in such.

Therefore, the parties agree to the following as a resolve in order to clarify the foregoing and result in a clear application of the language that benefits both the members of the Union and Canlan Ice Sports Corporation:

1. The parties agree that employees accrue their seniority from the date of hire based on the number of hours worked and carry their seniority throughout the operation and can apply it in the following manner.
2. An employee shall only be able to exercise their seniority in another department and/or classification when a vacancy occurs and is done so as a result of a job posting. For the purposes of this Letter of Understanding and application throughout the collective agreement, departments shall be defined as follows:
 - (a) Sports Store
 - (b) Janitorial
 - (c) Icemaking
 - (d) Repairs and Maintenance
 - (e) Kitchen/Lounge

It is understood that a job posting shall normally only occur when a position is either vacated by another employee or is created by the Employer and that such job posting

does not affect the application of the “maximization” language as set out in the collective agreement. That is to say that where employees can receive additional shifts and/or hours to maximize their total hours of work, employees currently available in classifications and departments shall have their hours and shifts maximized before a job is posted.

3. Where an employee exercises their seniority as set in the foregoing, it is understood that the employee who is responding to the job posting does so only for the hours and days spelled out in the job posting.
4. An employee may not apply for a job in another classification or department and carry their seniority to that new classification or department and displace or, result in a loss of hours for junior workers in that classification or department as a result of being declared the successful candidate.

The foregoing is not applicable in the situation of layoffs, departmental closures, or a reduction of hours for employees in departments where such situations occur. In such cases the language in the respective Articles governing the situations shall prevail.

5. An employee can apply for a vacancy, provided that the vacancy does not conflict with the applicant’s hours of work in the department or classification where they normally work. Where arrangements can be made to reasonable accommodate an employee in this regard that enables them to accept such a position, those accommodations shall be made pursuant to the Committee language set out below.
6. It is understood that while an employee holds their seniority from date of hire, an employee may not displace or reduce another employee’s hours of work in another department or classification for any reason other than layoffs, departmental closures or matters of operational restructuring.
7. Vacant jobs posted are open to all employees and the successful applicant shall be deemed as per the language as set out at Article 12.02 of this Collective Agreement.
8. The parties agree that all of the foregoing is to enable employees to post for vacant hours and shifts that may become available in other departments and classifications in order to maximize their hours of work, without negatively impacting on other members of the bargaining unit or the Employer.
9. To facilitate this Letter of Understanding the parties agree to strike a “Scheduling Committee” that shall meet two (2) times per year once in September at the beginning of the winter season and in May at the beginning of the summer season prior to the drawing up of the core block schedules for these seasons. The Committee shall review the construction of new work schedules as it relates to the Collective Agreement and the application of the Letter of Understanding.
10. The Committee will also discuss job postings when they are required by the Employer and review applicants who may apply for job postings to ensure that reasonable arrangements can be made for employees who apply and wish to work in more than one (1) department and/or classification.

11. Where reasonable arrangements can be made to accommodate the successful applicant they shall be made. Otherwise, the employee may choose to forfeit their seniority in their current department to accept the vacancy as posted or decline whereby the Employer shall choose the next suitable employee to fill the vacancy.
12. The Scheduling Committee shall meet as set out above or more or less frequent as agreed to by the parties, provided that the provisions of the collective agreement and this Letter of Understanding remain intact and in full force and effect.

The Scheduling Committee shall receive copies of all core block schedules for each department and classification prior to the implementation of the schedule for the Committee's review. As a part of the terms of reference for the Committee, the Committee shall be charged with the responsibility of monitoring this Letter of Understanding and L.O.U. "X" both for the application of the language of both of the L.O.U.'s and attempt to resolve any issues that may flow from them.

13. The application of this Letter of Understanding is not to allow or entitle employees to overtime as a matter of course. Employees subject to the provisions of this letter are to have their shifts and/or hours maximized as much as possible without attracting overtime. Overtime shall apply in cases where an employee is called in to cover situations that may arise of an unexpected nature or unexpected absences. Employees shall not normally be scheduled by using this Letter of Understanding as a vehicle to accrue overtime.
14. Should this Letter of Understanding over the life of the Collective Agreement resolve any previous problems relating to the application of the aforementioned Articles, the parties shall meet either during the life of the Collective Agreement or at the next round of collective agreement within the respective Articles where they appropriately apply. Otherwise, the parties may amend it subject to the ratification of the principles to this Collective Agreement.
