Thus, the total number of applications granted may not equal the corresponding figure from the Certification Cancellations category in TABLE 1. See TABLE 3 for a breakdown of Certification Cancellations by applicant type.

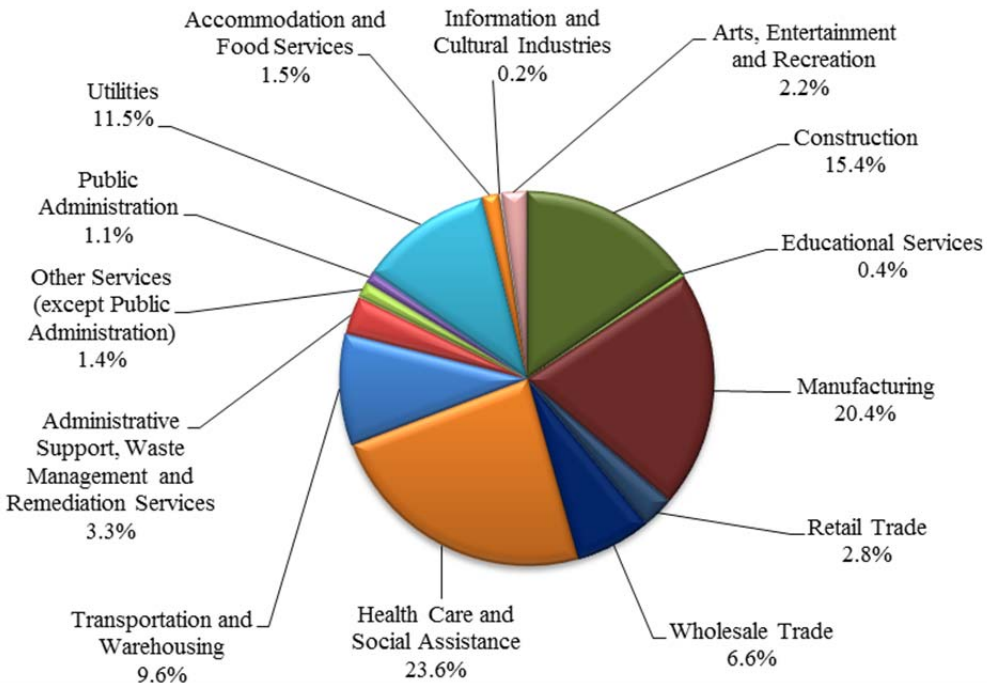

<sup>2</sup> The number of employees on an application for certification is based on the information supplied by the union on the application form. Variances do occur between the time of application and the time of disposition of the application.

<sup>3</sup> The number of employees on an application to cancel a certification is based on the number of eligible voters on the Return of Poll signed by the returning officer.
